The CTA registrant shall also provide the name and address of the entity or person which provided the fingerprint services, and the date on which the service was provided.

ADDITIONAL REQUIREMENTS AND NOTICE

Each CTA registered with the California Public Utilities Commission (CPUC) should be familiar with all the laws and decisions pertaining to the offering of gas services to customers in California. This "Additional Requirements and Notice" mentions some of the provisions that the CTA must abide by.

To be issued a CTA Registration number, you are required to provide the CPUC with a cash (cashier's check) security deposit in the initial minimum amount of \$25,000 or post a financial guarantee bond in favor of the CPUC in that amount. This deposit must be received by the CPUC before your CTA registration will be considered complete. The deposit or financial guarantee bond shall be delivered to the Energy Division address listed on the first page of this form. In the alternative, the CTA may elect to open a customer trust account in a format approved by the CPUC's General Counsel. Pending such an approval, the CTA must post the cash deposit or the financial guarantee bond.

In accordance with the security deposit schedule adopted in Decision 17-_____, as the number of customers increases for the CTA, bringing the CTA to the next customer threshold level, the CTA

shall with R. 14-03-002, COM/CAR/12 triggering event increase the financial resource amount to the applicable amount.

In accordance with Public Utilities Code §§ 984.5(a) and 986(b) and D.17-__-__, each CTA registering with the CPUC shall provide at the time it registers, a copy of the written notice of the terms and conditions of its standard service plan. The latest version of the written notice shall be provided to the Director of the Energy Division on a semi-annual basis as required by D.17-__-__.

Prior to signing up and initiating service on behalf of any residential or small commercial customer, all registered CTAs serving such customers are required to provide the potential customer with a written notice which describes the price, terms, and conditions of service. The notice shall include all of the elements required by Public Utilities Code § 986, and the requirements set forth in the R. 14-03-002.

Public Utilities Code § 987 prohibits all CTAs from soliciting those residential and small commercial consumers whose names appear on the Do Not Call list that is maintained pursuant to that code section.

In order to change the gas provider of a residential or small commercial customer, all CTAs must follow the verification procedures set forth in the rules provided by the UDC in whose territory they are conducting business.

Each registered CTA serving residential or small commercial customers is required to submit annual filings containing information regarding its standard service plans. This information is to be submitted in the standard format adopted by the CPUC. (Public Utilities Code § 984.5)

In addition to the \$100 registration fee, you are required to pay the annual fee required by Public Utilities Code § 984 (b). This fee is assessed on each registered CTA on September 1st of each year.

For the purposes of this form, the following definition of an “affiliate” applies:

“Affiliate” means any legal entity in which five percent or more of the outstanding shares are owned, controlled, or held with power to vote, directly or indirectly either by the CTA or any of its subsidiaries; or by the CTA’s controlling entity or any of its subsidiaries; or by any company in which the CTA, its controlling entity, or any of the CTA’s affiliates, exert substantial control over the operation of the company or indirectly have substantial financial interests in the company which is exercised through means other than ownership. For purpose of this definition, “substantial control” include, but is not limited to, the possession, directly or indirectly and whether acting alone or in conjunction with others, of the authority to direct or cause the direction of the management or policies of the company. A direct or indirect voting interest of five percent or more by the CTA in an entity’s company creates a rebuttable presumption of control.

Any material change in the information required by this form shall be provided to the CPUC within 60 days, except for any change in the CTA’s telephone number or address, which shall be reported within five days of such a change. (Public Utilities Code § 982 (d).)

In addition, any CTA attempting to register with the Commission must attach to this form a statement stating the following:

“Neither the applicant, any of its affiliates, officers, directors, partners, agents, or owners (directly or indirectly) with more than 10 percent interest in the applicant, or anyone acting in a management capacity for applicant has: (A) held one of those positions with a company that filed for bankruptcy in the last ten years, (B) been personally found liable, or held one of those positions with a company that has been found liable, for fraud, dishonesty, failure to disclose, or misrepresentations to consumers or others, (C) been convicted of a felony, (D) been (to his or her knowledge) the subject of a criminal referral by a judge or public agency, (E) had a license of operating authority denied,
