| <b>Total:</b>                         | <b>154</b>     | <b>\$62,535,876</b> | <b>1,278</b>   | <b>\$459,793,016</b> |

# Opening Remarks

**Commissioner  
Darcie L. Houck**

California Public  
Utilities Commission

# Director's Remarks

**Director for Broadband  
Initiatives  
Maria Ellis**

California Public  
Utilities Commission

# CASF General Overview Panel

- Broadband Adoption Account
- Rural and Urban Regional Broadband Consortia Account
- Public Housing Account
- Tribal Technical Assistance Program
- Broadband Infrastructure Grant Account
- Line Extension Program
- Broadband Mapping

California Public  
Utilities Commission

# Broadband Adoption Account

Bill Goedecke, Senior Regulatory Analyst

California Public  
Utilities Commission

# Adoption Account

## Funding

\$36.9M was authorized for  
fiscal year 2024-2025

### July 2024 round funding

- \$9.4M awarded for 55 projects projected to serve 35,358 participants

### January 2025 round funding

- 74 proposed projects currently under review

**Nex application window  
on July 1, 2025**

California Public  
Utilities Commission

## Eligibility

- Local governments, senior centers, schools, public libraries, nonprofit organizations, and community-based organizations
- Project Types
  - Digital Literacy
  - Broadband Access
  - Broadband Call Centers

# Broadband Adoption Account

Digital literacy projects funded through the Adoption Account program assist participants in becoming both digitally literate and fluent through short term training.

Broadband access projects increase access to reliable high-speed Internet in community institutions and other public locations.

Call Center projects promote and facilitate the adoption of broadband Internet services.

The intent of these projects is to increase broadband access and digital inclusion for California residents with a preference for programs and projects in communities with demonstrated low broadband access.

California Public  
Utilities Commission

## County of Los Angeles, Internal Services Department (ISD) – Digital Navigator Program

The Digital Navigator Program as a community-centered approach to improving broadband adoption and digital literacy in neighborhoods adversely impacted by the digital divide.

ISD expects to train 7,500 participants and provide 2,000 devices.

# Oakland Adult and Career Education (OAEC) - Digital Literacy Instruction

The OAEC established a mobile learning lab to provide in-person resources for digital literacy instructions to local communities in need.

OAEC expects to train 108 participants and provide 24 devices.

## **Binational of Central California - Digital Inclusion for Fresno and Madera Farm working Communities**

(Location is in Mendota, CA)  
Binational provides  
comprehensive digital  
literacy training in prioritized  
zip codes throughout Fresno  
and Madera counties.

Binational expects to train  
350 participants.

Please refer to the **CASF Adoption Account website** for the following information (and much more):

- Information on how and when to apply for funds
- The Adoption Account Guidelines (these Guidelines detail what can be funded and details program rules)

<https://www.cpuc.ca.gov/industries-and-topics/internet-and-phone/california-advanced-services-fund/casf-adoption-account>

- Please email [casf\\_adoption@cpuc.ca.gov](mailto:casf_adoption@cpuc.ca.gov) with any questions regarding the Adoption Account

California Public  
Utilities Commission

# CASF Rural & Urban Regional Broadband Consortia Account

Paul Schindler, Regulatory Analyst

California Public  
Utilities Commission

# CASF Rural & Urban Regional Broadband Consortia Account Overview

**Program Purpose:** Facilitate broadband deployment through grants to regional consortia

**Current Status:** 15 active consortia grants (Resolution T-17778)

**Program Scope:** Since 2008, awarded over \$29 million to 62 projects

## Key Activities:

- Collaborate with CPUC, state agencies, ISPs, and local stakeholders
- Identify potential broadband infrastructure projects
- Assist applicants with project development and grant applications
- Conduct regional broadband needs assessments
- Support wireline testing volunteer recruitment

**Goal:** 98% broadband deployment in each consortia region

California Public  
Utilities Commission

# 2024 Consortia Account Achievements

**Financial Support:** Disbursed \$1.66 million to consortia grantees

**Infrastructure Development:**

- Multiple consortia supported CASF infrastructure applications
- Connected Capital Area identified 19 potential projects
- Gold Country Broadband Consortium identified 14 potential projects

**Community Engagement:**

- LA DEAL published 9 newsletters in 2024, that were distributed to over 1,400 stakeholder users.
- Gold Country Consortium developed web-based mapping tools to track grant applications, broadband projects, and analyzed speed test data to create heat maps identifying service gaps.

**Regional Progress:** Working toward 98% household access to 25/3 Mbps service

- 12 regions currently below 98% threshold
- 5 regions above 98% threshold

# Consortia Account: 2025 Outlook

## Program Enhancements:

- Developing staff proposal to update Consortia Account rules and guidelines
- Expanding opportunities to encourage Tribal participation and engagement
- Improving consistency in reporting across consortia regions
- Implementing State Controller Office's Audit recommendations

## Continued Implementation:

- Supporting 15 active consortia grants
- Assisting with broadband projects related to SB 156 and AB 164
- Conducting quarterly office hours and technical claim assistance

## Focus Areas:

- Encouraging Tribal participation and engagement in broadband initiative

# Broadband Public Housing Account

Steven Oh, Telecom Engineer

Taylor Cheim, Analyst

California Public  
Utilities Commission

# Public Housing Account

The Broadband Public Housing Account funds grants and loans to finance projects to build broadband networks offering free broadband service for residents of low-income communities.

## \$30.1 million funding

- Assembly Bill (AB) 1299 established the account; extended by SB 745
- SB 156 made significant changes to the Broadband Public Housing Account rules and eligibility

## Eligibility

- Publicly supported housing development
- Farmworker housing
- Tribal Housing
- Other housing developments
- Mobile home parks
- Census Block Group Projects (low-income)
- All projects must be CEQA Exempt

## Project Types

- BPHA Infrastructure
- BPHA Internet Extension
  - The Commission will award grants to finance up to 100 percent of the costs to install last mile infrastructure, inside wiring and broadband network equipment but will not finance operations and maintenance costs through this program.

# Funding Overview

## BPHA INFRASTRUCTURE PROJECTS

- All broadband networking equipment
- *But not personal computers, laptops, handheld or human interface devices.*
- Low voltage contracting work and
- *Major rehabilitation, demolition or construction work will not be funded.*
- Engineering and designing documentation
- Hardware warranty.
- Installation at the Minimum Point of Entry (MPOE)
- Taxes, shipping and insurance costs (if applicable)

# Funding Overview

## BPHA EXTENSION PROJECTS

- Project labor and materials, including design, permitting, installation, supervision, and telecommunications equipment.
  - Including but not limited to trenching, boring, backfill, cable, and conduits.
  - Wired and/or wireless installations and turning up service.
- Cost for all last mile infrastructure. (E.g., wired installations to interconnect from an MPOE to a middle mile network.)
- Cost of middle-mile infrastructure that is needed to achieve the last mile connection.
- Costs to lease access to property or for Internet backhaul services for a period not to exceed five years. *Operations and maintenance costs are not funded.*

# Key changes to the Broadband Public Housing Account made by (D.) 24-03-021:

- Increased total project caps and per unit caps for ministerial review and approval
- Established eligibility for non-publicly supported housing developments including tribal, mobile homes and other housing developments
- Increased up to 100 percent of the costs to install last mile infrastructure, inside wiring and broadband network equipment but will not finance operations and maintenance costs
- Expanded project eligibility to include internet extension projects
- Expanded scope of costs eligible for reimbursement of interconnection and backhaul costs
- Provided tenant protections for applicants other than publicly supported, tribal housing developments and farmworker housing

# Accomplishments in 2024

- In 2024, the Broadband Public Housing Account updated its rules and guidelines to reflect changes made by (D.) 24-03-021 as noted previously.
- The rules were also updated to increase speed thresholds to 100mbps download and 20mbps upload per the FCC's updated guidelines for broadband speeds
- The Broadband Public Housing Account held 2 application cycles.
- 45 projects were approved with a total award amount of \$3,433,235.60

# Opportunities for Funding

- Applications must be received on or before the following dates to be considered:
  - July 1, 2025
  - January 1, 2026, and so on until funds are exhausted.
  - Any deadline falling on a holiday, or a weekend will be extended to the following business day.

# Tribal Technical Assistance Grant Program

Christopher Poschl, Program and Project Supervisor

California Public  
Utilities Commission

# Tribal Technical Assistance – Program Overview

Adopted in 2020 by D.20-08-005 and modified in March 2024 by D.24-03-041.

Provides grants to California Tribes and Tribal Consortia to pursue improved voice and broadband communications.

- \$250,000 max per Tribe, per fiscal year
- Speed requirements increased to a minimum of 25 Mbps download/ 3 Mbps upload
- Multiple work products per grant
- Grants are available for, but not limited to, market studies, environmental studies, feasibility studies, business plans, grant writing, consultant services, TTA specific tribal staff hours and administrative costs.
- Applications Reviewed Quarterly:
  - January 1,
  - April 1,
  - July 1,
  - October 1
- April 1, 2025, applications in review.
- Next Application Date: July 1, 2025

# Tribal Technical Assistance to 39 Tribes

**TTA program, since 2020, has approved 74 grants to 39 Tribes totaling \$7,241,900.**

- 48 completed projects
  - Total grant payments \$3,542,185
-

# CASF Broadband Infrastructure Grant Account

Heyward Daluz, Regulatory Analyst

## Current Team

- Louise Fischer, Program & Project Supervisor
- Mike Goins, Sr. Telecommunications Engineer
- Sr. Telecommunications Engineer (TBH)
- Rosa Sauer, Senior Regulatory Analyst
- Heyward Daluz, Regulatory Analyst
- Benjamin Swearingen, Regulatory Analyst
- Brandon Coyle, Regulatory Analyst
- Zhuoying Liu, Research Data Analyst

# CASF Broadband Infrastructure Grant Account

Provides grants to eligible applicants to build and deploy broadband networks in underserved areas throughout the State of California.

- Historically awarded \$513,044,730 since 2009 for 145 projects
- Awarded \$344,621,327 since 2008 for 100 projects
- 75 Last Mile projects, 7 Middle Mile, 18 Hybrid
- 322,682 Households served by CASF funded projects

California Public  
Utilities Commission

# Recent CASF Infrastructure Highlights

- Approved 5 infrastructure projects in 2024
- 8 projects were completed across 6 counties
- \$28.7 Million in payments to 18 projects
- 2025 Application Deadline is October 31, 2025

# Contact Information

# Line Extension Program

Ben Swearingen, Regulatory Analyst

California Public  
Utilities Commission

# Line Extension Program

- AB 1665 (2017) created the Line Extension Program (LEP) to offset the cost to low-income households of connecting their home or property.
- Program rules established with [Decision 19-04-022](#). Currently drafting revised LEP rules.
- \$5 million initial LEP fund. Over \$2 million in LEP grant funding awarded.
- To apply for an LEP grant, please see our [CASF Line Extension Program webpage](#) and scroll down to 'Applying for Funds'.

# Broadband Mapping Program

Alex Walton, Research Data Specialist

## Current Team

- Kim Hua, Program & Project Supervisor
- Farinaz Gholami, Research Data Specialist
- Yuanhang "Hang" Liang, Research Data Specialist
- Pamela Wu, Regulatory Analyst
- Shadi Matar, Regulatory Analyst

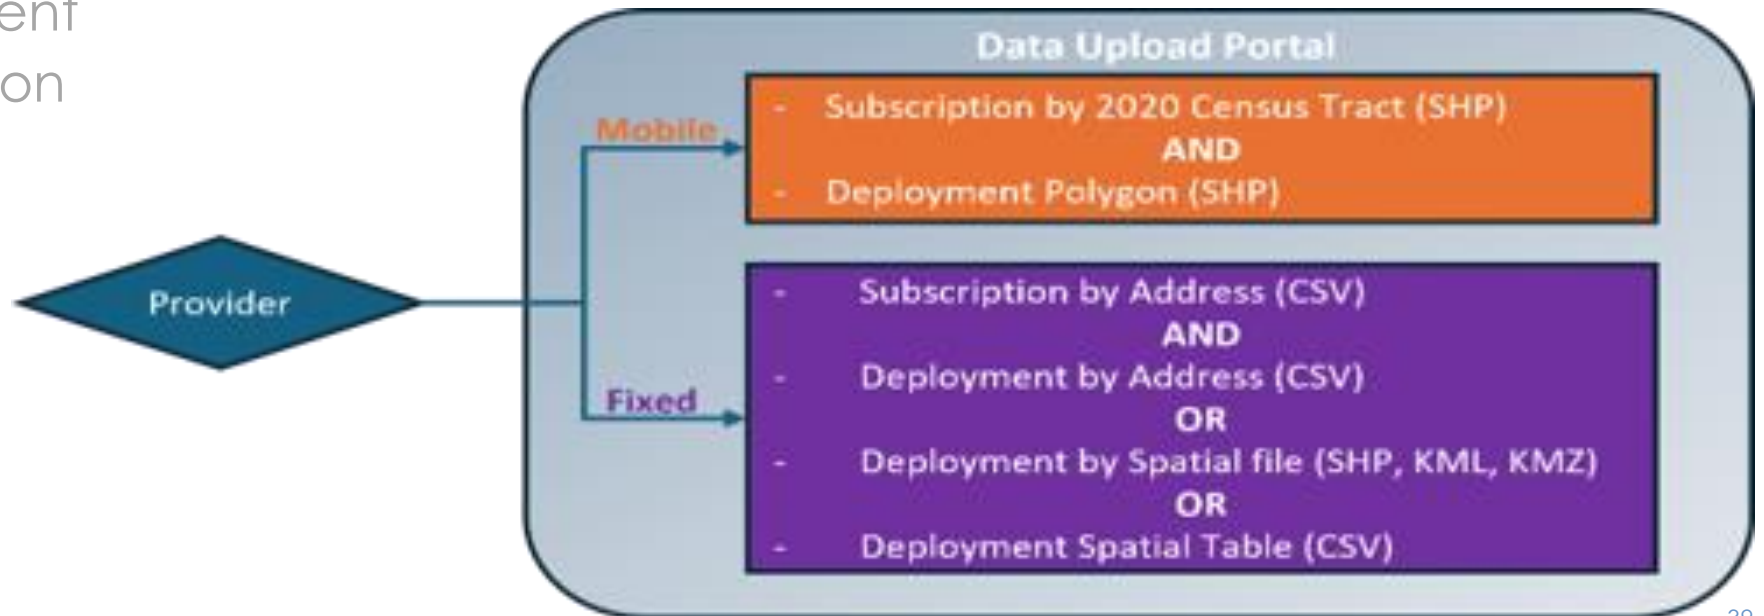

California Public  
Utilities Commission

# Broadband Mapping Program Overview

- **Conduct Annual Broadband Data Collection**
  - ISPs who provide internet through facilities they own, or partially own are required to submit data annually under Public Utilities Code Sections 281(b)(4), 281.6, and 5895
  - Verify submissions to determine the level of broadband service
- **Publish California Interactive Broadband Map ([Broadbandmap.ca.gov](https://broadbandmap.ca.gov))**
  - CASF-eligible locations where broadband speeds are "Unserved" or "Priority Unserved"
  - Broadband availability and adoption throughout CA

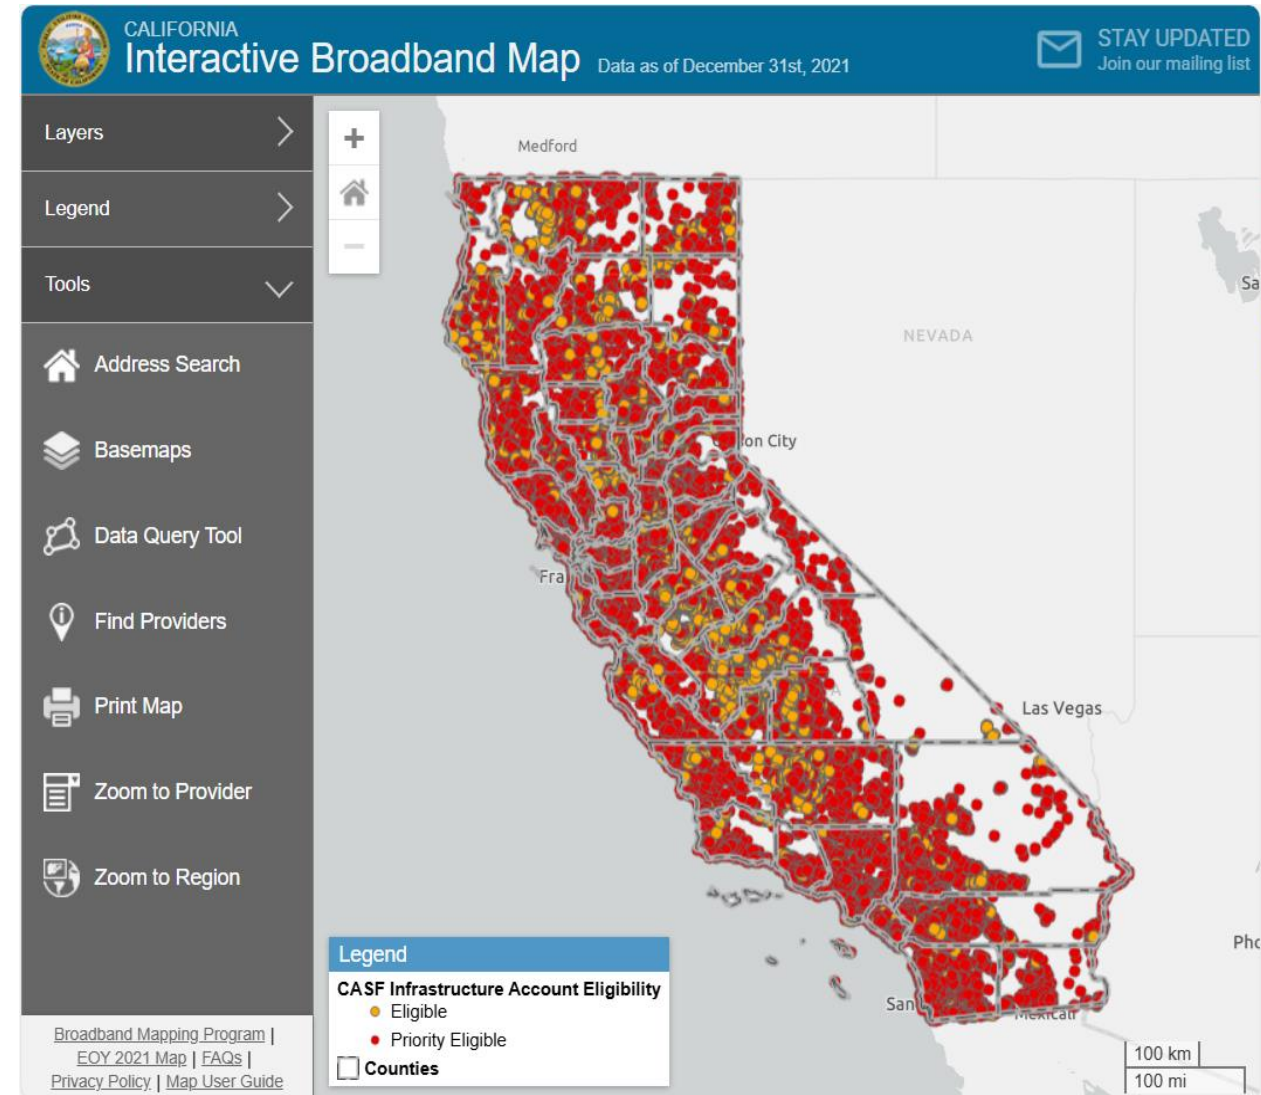

# Broadband Data Collection

- **Collect from ~160 Internet Service Providers (ISPs)**
  - Fixed broadband deployment
  - Fixed broadband subscription
  - Price of fixed residential broadband service (optional)
  - Methodology
  - Mobile deployment
  - Mobile subscription

# California Interactive Broadband Map (CIBM)

- BDC collected and cleaned data posted to CIBM
- Inform CASF grant applicants
  - CASF Infrastructure Account Eligibility
    - ❖ Eligible: < 25/3 Mbps
    - ❖ Priority Eligible: < 10/1 Mbps
  - Other layers
- <https://www.broadbandmap.ca.gov/>

|--------------|---|--|--|
| Amount       | ~\$1.86 billion   | \$136 million for 2024-25  | ~ \$2 billion  |
| Summary      | Funds for planning, broadband infrastructure, and adoption began in 2024. | Funds broadband infrastructure and adoption in low-income housing, Tribal communities, and unserved areas. | Funds for last-mile broadband infrastructure projects in every county.                           |
| What's next? | The pre-qualification and project application windows are now open.       | Adoption, Public Housing, Line Extension and Tribal Tech Assistance application cycles in 2025.            | Data, map, and registration available now. Application window runs through April 15 to April 29. |

# Federal Funding Account Overview

- \$2 billion for last-mile broadband infrastructure
- Goal to invest in projects in all 58 California counties

## Round 1

- 113 projects building across California now
- \$1.11 billion awarded in 52 counties benefitting 2 million Californians.
- 73 grants serve majority disadvantaged and low-income communities
- 111 projects included affordable plans
  - One or more of: low-cost, low-income, or bundled Lifeline plans

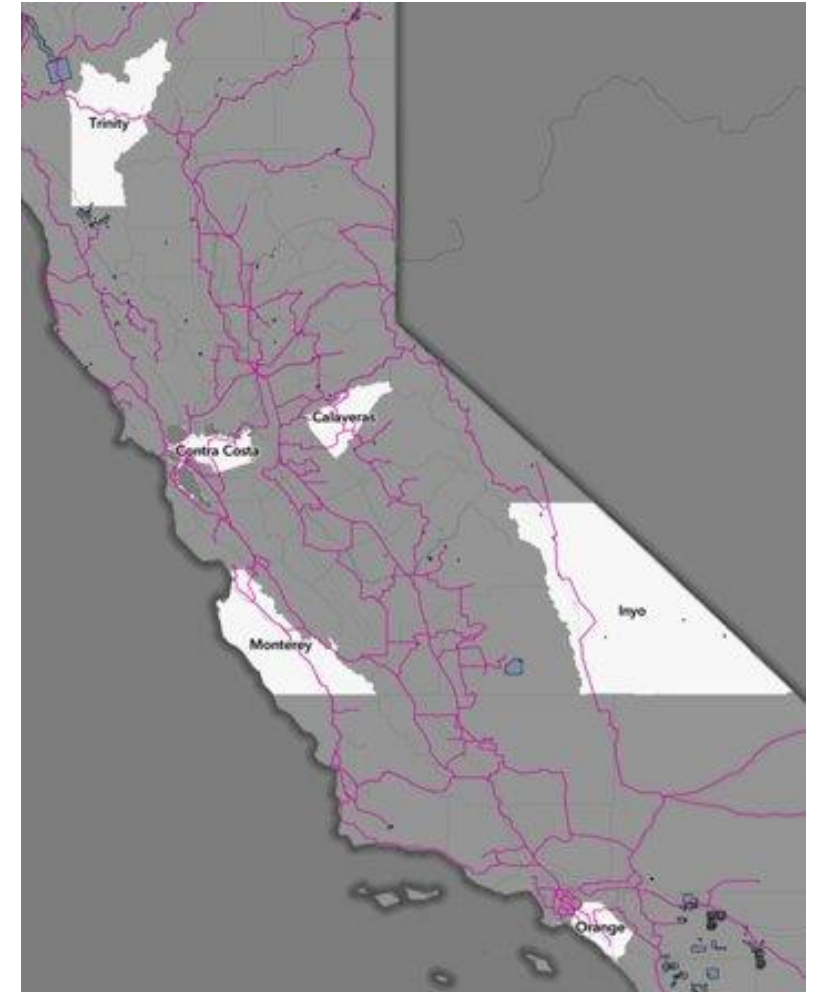

Plumas County  
Plumas-Sierra Telecom  
Plumas Pines

Tulare County  
Varcomm Terra Bella

# Limited Federal Funding Account – Round 2

- Expedited, limited solicitation for six Counties without Round 1 awards: **Calaveras, Contra Costa, Inyo, Monterey, Orange, and Trinity**
- Map and data published late February 2025
- New applicant registration began April 7, 2025.
- Application window is April 15, 2025 – April 29, 2025.

# Broadband Equity, Access, and Deployment (BEAD)

- \$42.45 billion in federal funding to expand high-speed internet across the country
  - California was allocated ~\$1.86 billion
- BEAD Prequalification and Project Application Windows
  - Prequalification deadline is 11:59 PM on April 24, 2025
  - Project Application deadline is 11:59 PM on May 2, 2025

# Broadband Equity, Access, and Deployment (BEAD) Updates

## Subgrantee Selection Process

- To comply with NTIA requirements, the CPUC encourages applicants to submit complete applications.
- There will be very limited opportunity to provide revisions to prequalification and project application submissions.
- Failure to respond to revision requests may disqualify an applicant.

5. Individuals w/ disabilities
6. Individuals w/ language barriers
7. Members of racial or ethnic minority groups
8. Individuals who primarily reside in rural areas

### SDEP 7 Key Activities

1. Complete BB4All infrastructure investments
2. Convene digital equity stakeholders
3. Refine digital equity data and maps
4. Develop a digital equity capacity subgrant program
5. Fund State-managed digital inclusion programs
6. Develop digital inclusion tools & best practices
7. Promote low-cost service offers & subsidy programs

### Outcome Areas

1. Education
2. Health
3. Digital Literacy and Inclusion
4. Essential Service, Accessibility, & Civic Engagement
5. Workforce & Economic Development
6. Tribal Collaboration

# Background & Principles

### NTIA State Digital Equity Capacity Grant's Overarching Goal

Support State Digital Equity Plan (SDEP) Implementation through:

- Focus on Covered Populations
- Long-lasting & Meaningful Change
- Measurable Implementation Strategies
- Stakeholder Engagement

### California Digital Equity Program (CalDEP)

Advancing **SDEP Goals 2 & 3 + State Policy Outcomes**

### SDEP Goals

- **Goal 1:** All Californians have high-performance broadband available at home, schools, libraries, and businesses.\*
- **Goal 2:** All Californians have access to affordable broadband and necessary devices
- **Goal 3:** All Californians can access training and support to enable digital inclusion.

# Purpose & Goals

**Through the subgrants, CalDEP will focus on:**

- Fund entities to implement the Statewide Digital Equity Plan.
- Address digital equity barriers at local, regional, and state level.
- Develop ecosystems and increase capacity.
- Provide digital inclusion funding to trusted messengers.
- Allocate funding across every county.
- Encourage statewide innovation.

# Eligible Entities & Requirements

**1**

**Political  
subdivision,  
agency, or  
instrumentality  
of the State**

**2**

**Indian Tribe or a  
Native Hawaiian  
organization**

**3**

**Foundation,  
corporation, institution,  
or association  
(that is not-for-profit entity  
and not a school)**

**4**

**Community  
anchor  
institution**

**5**

**Local  
educational  
agency**

**6**

**Entity that carries  
out a workforce  
development  
program**

**7**

**Partnership  
between any of  
the entities  
described in  
1 to 6**

**8**

**Regional  
Broadband  
Consortia  
(if they belong to another  
Eligible Entity category)**

# Allowable Uses of CalDEP

- Develop local digital equity plans
- Broadband adoption campaigns
- Digital navigation services
- Digital literacy and skills training
- Targeted device distribution
- Workforce development training and apprenticeships

\*RFA Section 7.2 Funding Restrictions

**Prohibition on Construction and Infrastructure Projects**

## GRANT GUIDELINES & REQUEST FOR APPLICATIONS

# Funding Tracks

Two funding tracks designed to focus on regional, local & targeted statewide **ecosystem development**.

### Track 1: Regional/Local Ecosystems (Planning + Capacity / \$43 M)

- Subgrants to:
  - 1) Develop and refine regional and local digital equity plans
  - 2) Provide capacity to implement digital equity activities directly or through 2nd-tier subgrants
- Formula allocation per county geographic boundary
- Will only award one application per county funding allocation. Encourage one Lead Applicant with partnerships per county boundary
- Lead Applicant may also partner with entities across multiple counties to submit one regional application for multiple county funding allocations
- Lead Applicant may make 2nd-tier subgrants to other Eligible Entities.

### Track 2: Targeted Statewide Ecosystems (Development, Planning, + Innovation / \$7 M)

- Subgrants for a specific:
  - Outcome Area, or
  - Covered Population
- Plans to only award the highest scoring application for a given Outcome Area or Covered Population
- Must include a plan to support, coordinate, or share best practices with Track 1 Subgrantees
- Lead Applicant may make 2nd-tier subgrants to other Eligible Entities.
