INTRODUCTION

On June 6, 2023, I was assigned to investigate London Rose Tours, LLC, doing business as London Rose Tours (hereinafter referred to as London Rose), for failure to list three of their buses in their equipment statement following an inspection by the California Highway Patrol (CHP) during a compliance inspection at Coachella, California (CA) on April 13, 2023.

HISTORY OF ENFORCEMENT

On August 9, 2017, London Rose Tours, LLC was investigated because of a complaint alleging that the carrier was observed operating without workers' compensation coverage for drivers and vehicles with no TCP markings. The investigation disclosed violations of Public Utilities Codes (PUC), and General Orders (GO), and resulted in a citation.

Prior Case (PSG-4486): On October 31, 2017, [REDACTED], Senior Transportation Representative, served London Rose Tours LLC with Citation F-5380 in the amount of \$5,000.00 for conducting charter-party carrier "B" operations with a round trip sightseeing "S" permit, engaging one employee-driver without having workers' compensation insurance coverage, failing to maintain equipment statement, and failing to display the TCP number on the vehicle [Attachment 1]. On November 27, 2017, the carrier filed a citation appeal. On January 12, 2018, CPED and the carrier settled. Three of the four violations were withdrawn, reducing the fine to \$2,000.00. The remaining violation was for engaging one employee-driver without having workers' compensation insurance coverage.

VIOLATIONS

The June 6, 2023, investigation disclosed violations of the following provisions of the Public Utilities (Pub. Util.) Code and Commission General Orders (GO):

- **Failed to maintain a current equipment statement, in violation of Pub. Util. Code Sections 5381, G.O. 157-E Part 4.01 [3 counts]**

On April 13, 2023, the CHP conducted compliance inspections on buses checking in for the Coachella Valley Music and Arts Festival. London Rose operated buses with license plate numbers [REDACTED] and [REDACTED] [Attachment 2], respectively, at Indio, CA. A search of the license

plate numbers in the California Public Utilities Commission (CPUC) Transportation Carrier Portal (TCPortal) confirmed that the buses were not included in London Rose's equipment statement.

On June 27, 2023, I called and left a voicemail message for Hector Ocegueda Sr, owner of London Rose, to inform about the findings. I requested that the account be updated to include the unlisted buses in the equipment statement. I sent a follow-up email on June 30, 2023, and advised the owner to update London Rose's account by July 7, 2023. On August 23, 2023, I placed a second call and left a voicemail message for Hector Ocegueda Sr. I sent an email message to follow up on August 24, 2023, and requested that the account be updated by August 28, 2023 [Attachment 3]. As of December 21, 2023, the buses are not listed in London Rose's equipment statement in the TCPortal [Attachment 4].

- **Failed to enroll driver in the Department of Motor Vehicles (DMV) Employer Pull Notice (EPN) program, in violation of Pub. Util. Code Sections 5374(a)(1)(D), G.O. 157-E Part 5.02, and the California Vehicle Code (CVC) Section 1808.1 [3 counts].**

The CHP bus inspection on April 13, 2023, in Indio, CA, discovered that the following drivers operated London Rose buses: [REDACTED], license number [REDACTED], [REDACTED] [REDACTED], license number [REDACTED] and [REDACTED], license number [REDACTED] [REDACTED].

Two searches, June 28, 2023, and December 21, 2023, in the Department of Motor Vehicles (DMV) Employer Pull Notice (EPN) system, revealed that drivers [REDACTED], [REDACTED] [REDACTED], and [REDACTED] were not enrolled in the EPN program under London Rose's requestor code [REDACTED] [Attachment 5].

DECLARATION

I have read the foregoing and know the contents thereof, and I declare under penalty of perjury that the foregoing is true and correct, except as to those matters stated on information and belief, and as to those matters, I believe to be true.
