INTRODUCTION

On April 16, 2024, I was assigned to investigate Cristobal Castanon DBA Exclusive Napa Wine Tours (hereinafter refer to as Cristobal Castanon) because he was observed operating with a suspended authority, engaged a driver without Worker's Compensation Insurance, did not display his TCP number on the vehicle and failed to list the vehicle in his equipment list on January 20, 2024 in Napa.

VIOLATIONS

The investigation disclosed violations of the following provisions of the Public Utilities Code (Pub. Util. Code) and General Orders (G. O.):

- **Cristobal Castanon operated as a passenger carrier with a suspended authority on file with the Commission in violation of Pub. Util. Code section 5379 [1 Count].**

According to Transportation Licensing and Analysis Branch (TLAB) records, Cristobal Castanon's TCP 38921 was suspended on August 8, 2023 due to failure to submit a CHP inspection report and revoked on February 5, 2024 for the same issue [Attachment 1]. During the Transportation Enforcement Branch (TEB) operation on January 20, 2024, a waybill on the driver [REDACTED] phone showed that Cristobal Castanon was operating a vehicle with license plate [REDACTED] [Attachment 2].

- **Cristobal Castanon operated without Workers' Compensation Insurance coverage for all employees in violation of Pub. Util. Code section 5378. 1 [1 Count].**

Cristobal Castanon was observed operating in Napa on January 20, 2024, engaging employee driver [REDACTED]. Enforcement Analyst Shirley Lei interviewed [REDACTED] and confirmed that he had been working for the company for 2 years. TLAB records show that Cristobal Castanon worker's Compensation Insurance Policy was canceled on October 28, 2023 [Attachment 3].

- **Cristobal Castanon operated without an active Department of Motor Vehicles (DMV) Employer Pull Notice (EPN) Program account and non-casual driver enrollment or current driver records in violation of Pub. Util. Code Sections 5381, 5374 (a)(1)(D), GO 157-E, Part 5.02, and the California Vehicle Code (CVC) Section 1808.1 [1 Count].**

A search of the DMV online database shows that Cristobal Castanon enrolled in the Employer Pull Notice (EPN) program under requestor code [REDACTED]. Cristobal Castanon was the only driver listed under the requestor code [REDACTED] [Attachment 4]. Employee driver [REDACTED], who operated in Napa on January 20, 2024, was not listed in the Cristobal Castanon EPN account.

- **Cristobal Castanon operated a passenger carrier without proper enrollment of all drivers in a drug and alcohol program in violation of Pub. Util. Code section 5374 (a), (I), (I) and G. O. 157-E, Part 10 [1 Count].**

I emailed [REDACTED] on April 19, 2024, requesting Cristobal Castanon's driver enrollment information. On April 26, 2024, I received an email from [REDACTED] that showed Cristobal Castanon as the only driver in its program [Attachment 5]. Employee driver [REDACTED] who operated in Napa on January 20, 2024, was not enrolled in the program.

- **Cristobal Castanon operated a vehicle but did not file with the commission in violation of G. O. 157-E, Part 4.01 [1 Count].**

In accordance with G. O. 157-E, Part 4.01-Equipment Statement to be Current. Every charter-party carrier, excluding TNCs, shall maintain, on file with the Commission, an equipment list of all vehicles (owned or leased) in use under each certificate and permit. The information for each vehicle shall include the manufacturer, model year, vehicle identification number (VIN), seating capacity (including driver), description of body type or model designation, whether the vehicle is leased or owned, handicap accessible status, and its license plate number, its gross vehicle weight rating (GVWR) or gross vehicle weight (GVW), and whether the vehicle is a modified limousine, and the vehicle's terminal address. Additions and deletions to the equipment list shall be filed within ten days of the date the vehicle is put into or pulled out of service.

According to TLAB records, Cristobal Castanon's equipment list only shows one active vehicle with license plate number [REDACTED]. The vehicle with license plate number [REDACTED], observed on January 20, 2024, in Napa, was not on the equipment list [Attachment 6].

- **Cristobal Castanon operated a vehicle without displaying the TCP number in violation of G. O. 157-E section 4.04 [1 Count].**

Cristobal Castanon's vehicle with License plate number [REDACTED] was observed operating in Napa on January 20, 2024. However, Cristobal Castanon's TCP number, 38921, was not displayed on the vehicle. [Attachment 7].

- **Cristobal Castanon advertised transportation service after suspended authority in violation of Pub. Util. Code Section 5415.5 [1 Count].**

Cristobal Castanon's TCP 38921 was suspended on August 8, 2023 due to failure to submit a CHP inspection report and revoked on February 5, 2024. However, I found Cristobal Castanon advertising on his website exclusivenapawinetours.com on June 19, 2024 [Attachment 8].

CPUC Order of Suspension

This is notice from the California Public Utilities Commission (CPUC) that the operating authority listed on this letter is suspended effective **August 06, 2023**.

Failure to submit CHP terminal safety inspection request(s) to CPUC

Unless the suspension was requested voluntarily, if the reason(s) for the suspension are not resolved within 90 days, on **November 06, 2023**, the operating authority will be revoked. Voluntary suspensions may stay in effect without becoming revoked until the operating authority expires.

Unlawful operations are subject to fines and penalties as set forth in the California Public Utilities Code and may include permanent revocation of your operating authority or being permanently barred from receiving an operating authority.

A carrier whose certificate or permit is suspended due to failing to pass a vehicle inspection by the California Highway Patrol (CHP) (California Public Utilities Code § 5378.5, Commission Resolution TL-18336) may obtain a reinspection of its terminal and vehicles by the CHP by submitting a written request for reinstatement to CPUC and paying a reinstatement fee of one thousand dollars (\$1,000). (California Public Utilities Code § 5378.5(b)). Upon receipt of a written recommendation from CHP to suspend a carrier's operating authority, a carrier may request a hearing of the suspension by making a written request to CPUC and the CHP showing cause why the suspension should not be continued.

If your suspension is due to failing to maintain adequate insurance, you must contact your insurance provider to reinstate your policy on-file with the CPUC.
