

Clean Miles Standard Workshop: Interim GHG Plans

The workshop on Please on the Clean Miles Standard (CMS) [Interim Greenhouse Gas Emissions Reduction Plans](#) (GHG Plans) is being held by Consumer Protection and Enforcement Division staff. Per Phase 1 Decision ([D.\)24-03-001](#), the Interim GHG Plans include the CMS Regulated Entities' proposals for meeting CMS Annual Targets, for minimizing negative impact on low- and moderate-income drivers, other Phase 1 issues, and provide data for setting the CMS Regulatory Fee and threshold for CMS incentive eligibility. CMS Regulated Entities (HopSkipDrive, Lyft, and Uber) will present their Interim GHG Plans and answer questions from participants. This workshop precedes Commission action on Interim GHG Plan approvals.
