### Purpose:

The purpose of this Office Hour is to address [RA OIR Track 2 topics](#) in RA Rulemaking [\(R\) 23-10-011](#) – such as the 2024 Study on 2026 LOLE + PRM -- for which opening comments are due on August 9. In response to parties’ requests and comments at the July 25-26, 2024, workshop, the Energy Division is scheduling this extra time to discuss follow-up details on these topics.

### Office Hour Guidelines and Notifications:

- Please silence your AI-generated conversations, comments, and notetaking, and reduce the chatter in the Q +A and Chat forums; instead, please raise your hand to participate in the verbal discussion.
- Please sign in using your full name to allow for identification during Q + A. All parties will be automatically muted when they join. This workshop will be recorded.

## Agenda – Friday, August 2 from 12:30-2 pm

1. Welcome	Energy Division	12:30	12:35
2. Battery Allocations in SoD Workbooks:	CalPAO	12:35	1:00
a. Overall: Are battery allocations correct or optimal? Why not use SERVVM dispatch profiles?			
b. July-September: Does the lack of dispatch of the full fleet during the most constrained hours imply that RA would not require procurement of all capacity necessary during those hours?			
3. Other Topics and Questions		1:00	1:55
4. Closing Comments and Closing		1:55	2:00
