SUBJECT: Audit of the City of Lompoc Utilities Department Electric Division ("City of Lompoc")

EA2024-1192

Mr. Daye:

This letter is per your request that we provide you with a response as to how we have addressed the conditions identified during the Safety Enforcement Division's (SED's) distribution audit of City of Lompoc from April 8-11, 2024. We value the expertise of the professionals that spent time reviewing aspects of our system to create this audit. As a public utility, it is our goal to give our customers the highest level of service and safety. We have dedicated professionals working every day towards this goal, and they appreciate the mutually respectful exchange with your engineers to better our systems.

Below is a summary of the conditions listed in your audit and our response.

With respect to noted violations GO 95, Rule 31.1, Design Construction and Maintenance:

All noted violations were corrected in a professional manner during the timeframe of September 16-25.

With respect to noted violations GO 95, Rule 51.6-A, Marking and Guarding, High Voltage Marking of Poles:

All noted violations were corrected in a professional manner during the timeframe of September 16-25.

With respect to noted violations GO 95, Rule 54.6-B, Ground Wires:

All noted violations were corrected in a professional manner during the timeframe of September 16-25.
