**SUBJECT: General Order 112-F Operation and Maintenance Comprehensive Gas Inspection of Southern California Gas Company's Basin Transmission Area**

Dear Mr. Schwecke:

The Safety and Enforcement Division (SED) of the California Public Utilities Commission conducted a General Order 112-F Comprehensive Operation and Maintenance Inspection of Southern California Gas Company's (SCG) Basin Transmission Area (Inspection Unit) on February 25 - March 22, 2019. The inspection included a review of SCG's records for the period of 2016 through 2018, as well as a representative field sample of the Basin Transmission Area's facilities. SED staff also reviewed the Basin Transmission Area's operator qualification records, which included field observation of randomly selected individuals performing covered tasks.

SED's staff did not identify any probable violations of G.O. 112-F, Reference Title 49 Code of Federal Regulations (CFR), Part 192, and considers this inspection closed.

If you have any questions, please contact Wai Yin (Franky) Chan at (415) 703-2482 or by email at [Wai-Yin.Chan@cpuc.ca.gov](mailto:Wai-Yin.Chan@cpuc.ca.gov).
