2023 ANNUAL REPORT

California Advanced Services Fund

PROGRAM YEAR JANUARY 2023 – DECEMBER 2023

PUBLISHED APRIL 2024

California Public
Utilities Commission

Contents

Executive Summary

The California Public Utilities Commission (CPUC) submits this annual report on the California Advanced Services Fund (CASF) 2023 program activities to the Legislature, pursuant to California Public Utilities (Pub. Util.) Code section 914.7.

Since 2008, the CASF has helped close the Digital Divide in California by providing subsidies to build and expand broadband facilities to unserved areas of the state. The program has funded fiber-optic, fixed wireless, hybrid fiber-coaxial, and copper facility-based projects with a goal for the CASF Infrastructure Account of making broadband available to 98 percent of households in each consortia region by 2032.[1]

This report presents financial and programmatic highlights, including revenues, expenditures, approved projects, plans for 2024 and expected benefits. It also provides updates on unserved/served areas and broadband adoption in the state. In 2023, the CPUC approved an Infrastructure grant in the amount of $688,431 to provide broadband access to 28 priority eligible households; two Line Extension projects totaling $1,773,323 which will provide access to broadband infrastructure to 194 unserved households; seven Tribal Technical Assistance grants totaling $1.019 million for feasibility studies, market studies, and business plans in 2023; 15 Rural and Urban Regional Broadband Consortia grants in the amount $10,333,173; 125 adoption grants totaling $23.26 million, which will provide: digital literacy training to 24,758 residents and broadband access to 85,045 residents; and 37 Public Housing grants totaling $1.98 million and serving 1,814 living units in publicly supported housing developments and one farmworker community.

In 2020, the CPUC opened Rulemaking (R.) 20-08-021 to implement programmatic modifications, adopt rules to amplify broadband infrastructure deployment, and leverage funding sources to meet program goals. Since then, multiple decisions have been adopted, enabling the expansion of eligibility criteria and the modification and clarification of requirements and guidelines for CASF programs.[2] On March 7, 2024, the CPUC issued Decision (D.)24-03-041 modifying the CASF Broadband Public Housing Account rules and guidelines expanding eligibility for non-publicly supported housing developments and for project costs; this decision also modified the Tribal Technical Assistance program to align with the Local Agency Technical Assistance program rules and guidelines.

In a continued effort to ensure that program requirements established by Pub. Util. Code section 281 are met, on September 26, 2023, the CASF implemented the Electronic Claims and Applications Portal (eCAP), a web portal for CASF grantees to submit payment requests to the CPUC. With the addition of eCAP, the CASF can streamline communication and facilitate efficient data exchange. The benefits of the web portal for both grantees and staff will ultimately ensure a more effective program.

---

[2] See Decisions adopted in R.20-08-021.

Projects Awarded in 2023

The following table details the CASF total projects and awards in 2023 and since program inception in 2008. The CASF expenditure data, including project payments and administrative expenses, are provided in Table 4.

Table 1: CASF Projects and Awards as of December 31, 2023

CASF Account	In 2023		Since 2008	
	Total Projects	**Total Awarded**	**Total Projects**	**Total Awarded**
Infrastructure	1	$688,431	96[3]	**$298,620,014**
Infrastructure Loan[4]	0	$0	1	**$40,997**
Infrastructure Line Extension Program	2	$1,773,323	4	**$2,071,101**
Tribal Tech. Assistance	7	$1,019,900	67	**$5,819,750**
Consortia	15	$10,333,173	62	**$29,063,200**
Adoption[5]	125	$23,262,426	403	**$45,632,605**
Pub. Housing[6]	37	$1,982,450	498	**$17,075,784**
Total:	**187**	**$39,059,703**	**1,131**	**$398,323,451**

CASF Program Goal and Broadband Deployment Progress

The statutory goal of the CASF Infrastructure Grant Account is to provide broadband access to 98 percent of households in each consortia region by December 31, 2032. See Map 1 for the locations of the consortia regions.

- **Infrastructure Grant Account Goal:** Statewide, 96.57 percent of households are served by at least 25 megabits per second (Mbps) downstream and 3 Mbps upstream fixed consumer broadband.

---

[3] The CPUC approved funding for a total of 140 Infrastructure projects (over $450 million) since the inception of the CASF program. The reduction of the "total awarded" projects and funding reflects withdrawal of projects by grantees.

[4] Assembly Bill 1665 (Chapter 851, Statutes of 2017) eliminated the Infrastructure Revolving Loan Account.

[5] Total awarded amount is inclusive of the $5 million to the California Department of Education for COVID-19 relief. Not inclusive of grants awarded and then rescinded. Four projects were rescinded in 2023.

[6] Numbers are not inclusive of projects rescinded. Eight projects were rescinded in 2023.

- Broadband Adoption at 25 Mbps/3 Mbps: Approximately 70.82 percent of California households subscribe to broadband speeds at or above 25/3 Mbps.

CASF Team Key Accomplishments in 2023

Broadband Infrastructure Account:

- On June 1, 2023, staff received a record-breaking 74 applications requesting a total of $527,954,737 in funding. This represents a 37% increase in the number of applications submitted compared to the last application cycle in 2020.Staff provided Ministerial Letter Approval for one project for $688,431 to serve 28 unserved households.

- Staff approved final reimbursements for six completed projects totaling $16,280,597, serving 12,174 households across San Benito, Kern, Humboldt, Imperial, Los Angeles, and Colusa counties.

Line Extension Program:

- Completed a Line Extension project to an individual household in Grass Valley in 2023.

- Awarded a grant in the amount of $1,770,748 to South Valley Internet to extend broadband access to 194 households, benefiting 130 school-aged children, in a low-income, farmworker community located in San Benito County.

Broadband Adoption Account:

- Awarded grants to 125 projects in the amount of $23,262,426 from 43 applicants in 43 counties serving 109,803 participants.

- 27 Broadband Adoption Account funded projects were completed in 2023. By way of these completed projects, Adoption Account grantees assisted 2,893 participants in subscribing to low-cost Internet, provided broadband access to 4,857 participants, and provided a minimum eight hours of digital literacy training to 1,179 participants.

Broadband Consortia Account:

- Awarded 15 grants in January 2023 from the June 1, 2022, cycle to Consortia applicants in Resolution T-17778, in the amount of $10,333,173.

Broadband Public Housing Account:

- Awarded grants to 37 projects for 11 applicants in fifteen counties serving 1,814 units, totaling $1,982,450.

- Seven Public Housing Account funded projects were completed in 2023; 6 infrastructure projects which wired up 206 residential units, and one adoption project provided digital literacy training to 158 residents.

- Rulemaking R.20-08-021 to establish eligibility of "other housing developments and mobile home parks with low-income residents," verification of eligibility, and protections of tenants of non-publicly supported housing developments, as specified in D.22-05-029.

Tribal Technical Assistance:

- Awarded seven grants to seven Tribes, including three Tribes new to the program, totaling $1,019,900 for feasibility studies, market studies, and business plans.

Broadband Mapping:

- The Broadband Mapping team issued the Annual Broadband Data Request to collect broadband data as of December 31, 2023, and collected deployment and subscription data at the location level from 173 Internet service providers. Furthermore, the CPUC maintains and updates a statewide, publicly accessible, and interactive map showing the accessibility of broadband service in California.

Electronic Claims and Applications Portal:

- On September 26, 2023, the CASF deployed the Electronic Claims and Applications Portal (eCAP), a web portal for CASF grantees to submit payment requests to the CPUC.

Introduction

The goal of the CASF is to encourage deployment of high-quality advanced communications services to all Californians, which will promote economic growth, job creation, and the substantial social benefits of advanced information and communications technologies. CASF consists of the following active accounts and programs:

- The Broadband Infrastructure Grant Account (Infrastructure Account) provides grants to deploy broadband to unserved households.

- The Line Extension Program (LEP) provides grants to individual low-income households or property owners to offset the costs of connecting to an existing or proposed facility-based broadband provider.

- The Tribal Technical Assistance (TTA) provides grants to Tribes to develop market studies, feasibility studies and business plans to pursue improved communications.

- The Rural and Urban Regional Broadband Consortia Account (Consortia Account) provides grants to regional consortia to facilitate the deployment of broadband infrastructure by assisting CASF infrastructure grant applicants in the project development or grant application process or assisting broadband deployment projects related to programs created under Senate Bill (SB) 156 and Assembly Bill (AB) 164.

- The Broadband Adoption Account (Adoption Account) provides grants to increase publicly available or after-school broadband access and digital inclusion, such as digital literacy training programs.

- The Broadband Public Housing Account (Public Housing Account) provides broadband connectivity grants to "low-income communities" which includes, but is not limited to, publicly supported housing developments, farmworker housing, and other housing developments or mobile home parks with low-income residents, as determined by the CPUC.

- The Federal Funding Account (FFA) provides grants for last mile broadband infrastructure projects to connect unserved and underserved Californians with high-speed broadband service.[7]

Additional background and historical information about each CASF account is available at https://www.cpuc.ca.gov/industries-and-topics/Internet-and-phone/california-advanced-services- fund.

---

[7]Additional information regarding the Federal Funding Account is available at Last Mile Federal Funding Account (ca.gov). This report does not specifically address Federal Funding Account updates.

Legislation in 2023 Modifying the CASF

In October 2023, AB 286 (Broadband infrastructure: mapping) was signed into law, modifying the statute that requires the CPUC to maintain and update a statewide, publicly accessible, and interactive Map. The CPUC's Map is called the California Interactive Broadband Map, and the bill necessitates changes, including:

- The Map must identify, for each address in the state, each provider of broadband services that offers service at the address and the maximum speed of broadband services offered.

- The Map must contain five new features to collect new public feedback information, obtain consent to make this information publicly available, and display this information at the address level.

- The Map must have a feature to allow users to submit a verified speed test at their location.

- The CPUC must validate the new public feedback collected before using it as evidence in a proceeding.

Plans for 2024

- The CPUC will set forth funding allocations for Fiscal Year (FY) 2024-25 for the CASF accounts.[8]

- The CPUC will conduct a CASF workshop in April 2024 to consult with regional consortia, stakeholders, local governments, the federal government, existing facility-based broadband providers, and consumers regarding unserved areas of the state and cost-effective strategies for expanding access to broadband.

- For the Line Extension Program, the CPUC will revise program rules and guidelines previously set in D.19-04-022. Staff will also administer the $1,770,748 grant to construct the Southside Road Project.

- For the Public Housing Account, the CPUC will implement the expansion of program eligibility and verification requirements for other housing developments and mobile home parks with low-income residents per the CASF Rulemaking 20-08-021. It will also hold an application window beginning on January 1, 2024, through July 1, 2024. The new rules, Decision (D). 24-03-021, will be implemented in the July 1, 2024, round.

- For the Adoption Account, an application window will be held on July 1, 2024.

- For the Consortia Account, staff will implement the 15 grants approved in Resolution T-17778. These grants will facilitate the deployment of broadband services by assisting CASF infrastructure grant applicants in the project development or grant application process or assisting broadband deployment projects related to programs created under SB 156 and AB 164.

- TTA will continue to accept applications quarterly until funds are exhausted. In addition, the CPUC issued a draft Decision proposing various program rules and guidelines changes, including expanding the list of eligible activities, increasing the total grant amount to $250,000 per Tribe per FY, and

---

[8] This does not include the Federal Funding Account. The CPUC proposed to increase the local assistance budget authority from the CASF from $72.611 million to $136.211 million for FY 2024-25, which was made public on January 10, 2024 in the FY 2024-25 Governor's Budget, available at Department Report (ca.gov).

requiring any technical assistance for a broadband infrastructure project must reliably meet or exceed 25 megabits per second download and 3 megabits per second upload.

Overview and Financial Information

This section provides an overview of the CASF financial information including revenues, amount of funds expended, and fund balance from inception of the program in 2008 through FY 2022-23, i.e. July 1, 2022, to June 30, 2023. It also provides information about the areas that remain unserved and information on broadband adoption levels, as required by Pub. Util. Code section 914.7 subsections (a) and (g).

On May 19, 2022, the CPUC adopted D.22-05-029 approving a total CASF program budget and subaccount budget allocations for FY 2022-2023.[9, 10] Table 2 presents the allocated subaccount budgets and the amount of grants awarded in FY 2022-23.

Table 2: CASF Total Authorized FY 2022-23 Budget and Grants

Subaccount	Allocated Budget	Grants Awarded	Budget Balance
Infrastructure Account	$24,860,000	$205,126	$24,654,874
Consortia Account	$10,710,000	$10,333,173	$376,827
Public Housing Account	$15,000,000	$1,398,593	$13,601,407
Adoption Account	$20,024,000	$17,277,583	$2,746,417
LEP	$0	$2,575	($2,575)
Tribal Technical Assistance	$2,000,000	$1,938,200	$61,800
Total	**$72,594,000**	**$31,155,250**	**$41,438,750**

Financial Information

The CPUC records and tracks CASF financial activities in the Financial Information System for California (FI$Cal), which is an information technology system for accounting, budget, and cash management for all state agencies. Financial information presented in tables below is based on data maintained in FI$Cal in accordance with the applicable laws, regulations, policies, procedures, and instructions.

---

[9] SB 4 [Stats. 2021, Ch. 671] amended Pub. Util. Code section 281 eliminating the $645 million aggregate budget for CASF approved by AB 1665 [Stats 2017, Ch. 851]. The total CASF program budget and subaccount budget allocations approved by the CPUC in D.22-05-029 established the budgets for grants to be awarded by the subaccounts. CASF grants are awarded by ministerial letters or resolutions.

[10] The CPUC also approved FY 2023-24 budget allocations for the CASF program in Resolution T-17782. However, this section of the report focuses on financial information through FY 2022-23, on FY basis.

CASF Revenues

The CASF collected and earned $70.463 million in FY 2022-23 and has an accumulated total revenue of $622.593 million since the inception of the program as presented in Table 3.

Table 3: CASF Revenues as of June 30, 2023

	FY 2008-21[11]	FY 2021-22	FY 2022-23	Total, FY 2008-23
Regulatory Fees	$474,120,481	$58,535,063	$63,434,202	$596,089,746
Investment Income	$18,106,025	$1,419,527	$7,018,769	$26,544,321
Other Revenue[12]	$44,556	($96,334)	$10,907	($40,871)
Interfund Loan	($60,000,000)	$60,000,000		$0
Total Revenue	**$432,271,062**	**$119,858,256**	**$70,463,878**	**$622,593,196**

CASF Funds Expended

Table 4 presents funds expended by CASF as of June 30, 2023. Expenses in Table 4 are grouped into three major categories:

- Local Assistance includes funds distributed to grantees for awarded grants;
- State Operations of the CPUC include operating expenses for the administration of CASF including staff salaries and benefits, travel, training, consultant services, and administrative overhead costs, etc.; and
- Other State Agencies' Operations include pro-rated statewide general administrative expenses, supplemental pension payments, and other expenses etc.

In FY 2022-23, CASF expended $25.081 million of funds and an accumulated total of $273.694 million since inception of the program as presented in Table 4.

---

[11] The CASF 4th Interim Fiscal Audit Report for the period July 1, 2018 through June 30, 2021 is available at: CASF Performance and Financial Audit Reports.

[12] Includes escheatment of uncleared checks and warrants.

Table 4: CASF Funds Expended, as of June 30, 2023

	FY 2008-21[13]	FY 2021-22	FY 2022-23	Total, FY 2008-23
Local Assistance				
Infrastructure Account	$161,323,771	$16,787,491	$12,141,262	$190,252,524
Consortia Account	$13,721,964	$970,044	$1,229,125	$15,921,133
Public Housing Account	$11,667,892	$227,768	$468,670	$12,364,330
Adoption Account	$7,263,241	$1,832,782	$2,347,265	$11,443,288
LEP	$5,241	$198,425	$94,123	$297,789
Tribal Technical Assistance	$0	$589,600	$879,514	$1,469,114
Subtotal, Local Assistance	$193,982,109	$20,606,110	$17,159,959	$231,748,178
State Operations				
CPUC	$25,667,484	$4,454,631	$7,583,751	$37,705,866
Other State Agencies' Operations				
Pro-Rata		$410,179	$309,601	$719,780
Supplementary Pension Assessment		$31,000	$31,000	$62,000
Other Expenses	$3,461,029	$0	($2,633)[14]	$3,458,396
Subtotal, State Operations	$29,128,513	$4,895,810	$7,921,719	$41,946,042
Total: Local Assistance and State Operations	**$223,110,622**	**$25,501,920**	**$25,081,679**	**$273,694,221**

CASF Fund Balance as of June 30, 2023

As of June 30, 2023, CASF retained an accumulated fund balance of $348.899 million and a net fund balance after outstanding encumbrances of $169.490 million, as presented in Table 5.

---

[13] Ibid.

[14] It is the sum of 2 PY Revenue adjustments for FY 2021-22 of -$12,460 and $9,827.

Table 5: Status of CASF Fund Balance as of June 30, 2023

	2008-21	2021-22	2022-23
Available Funds, Beginning Balance		$209,160,440	$303,516,776
Total Source of Funds	$432,271,062	$119,858,256	$70,463,878
Total Disbursement of Funds	($223,110,622)	($25,501,920)	($25,081,679)
Available Fund, Ending Balance	$209,160,440	$303,516,776	$348,898,975
Outstanding Encumbrances	($108,068,515)	($167,633,213)	($179,408,860)
Net Ending Fund Balance	**$101,091,925**	**$135,883,563**	**$169,490,115**

Outstanding Encumbrances are the remaining commitments of funds available for claims and payments of awarded grants and contracted operation services. Outstanding Encumbrances as of June 30, 2023, are broken-down and presented in Table 6.

Table 6: outstanding Encumbrances

Local Assistance	As of June 30, 2023
Infrastructure Account	$142,064,233
Consortia Account	$12,502,001
Public Housing Account	$1,960,861
Adoption Account	$16,692,900
LEP	
Tribal Technical Assistance	$3,680,486
Subtotal, Local Assistance	$176,900,481
State Operations of the CPUC	
CASF	$2,508,379
Total, Outstanding Encumbrances	**$179,408,860**

Projected Surcharge Amount to be Collected

On October 10, 2022, the CPUC adopted D.22-10-021 transitioning the Public Purpose Programs (PPPs) [15] surcharge mechanism to a flat rate for each active access line that telephone corporations service in California. D.22-10-021 also approved an interim surcharge rate of $1.11 to take effect April 1, 2023, and until further revision by the CPUC using its resolution process.[16] The collected surcharge revenue is to be distributed among the PPPs as presented in Table 7.

Table 7: New Access Line PPP Surcharge Distribution

Program Name	Distribution Percentages
CHCF-A	7.54%
CHCF-B	0.00%
ULTS	53.99%
DDTP	9.62%
CTF	16.04%
CASF	12.82%
Total:	**100.00%**

As of December 31, 2023, the interim surcharge rate and distribution percentages adopted in D.22-10-021 remained in effect. Therefore, based on this interim surcharge rate, the forecasted revenue generated for the CASF program is approximately $91 million for Fiscal Year 2023-24. However, the structural changes to the surcharge mechanism are forecasted to lead to higher collected amounts, enabling the CPUC to collect the full statutory limit of $150 million per year to fund CASF programs.

Served and Unserved Areas of the State

Pub. Util. Code section 281 defines an unserved household as one for which no facility-based provider offers broadband service at speeds of at least 25/3 Mbps.[17] Only unserved households are eligible for CASF Infrastructure grants. The latest

96.57 percent of California households have access to wireline or fixed wireless broadband service at 25/3 Mbps or above as of June 2023.

---

[15] There are six PPPs including CASF, Universal LifeLine Telephone Service (ULTS), Deaf and Disabled Telecommunications Program (DDTP), California High Cost Fund-A (CHCH-A), California High Cost Fund-B (CHCF-B), and California Teleconnect Fund (CTF).

[16] Decision 22-10-021, Ordering Paragraph 8.

[17] The definition of unserved household is specific to the CASF program. Other federal programs such as, BEAD and FFA, employ different definitions that are designed to address the goals of those programs.

data available as of June 30, 2023, indicate that 96.57 percent of California households have access to fixed (wireline and fixed wireless) broadband service at speeds of 25/3 Mbps and above.

The Federal Communication Commission (FCC) collects data from broadband providers pursuant to a biannual data request it sends to known providers of broadband service in the United States.[18] In November 2022, the FCC began publishing a location-based broadband map and moved away from census-block level reporting. While the FCC has not published its validation method, it is continuing to improve the data through the challenge process.[19] Data published on the FCC National Broadband Map[20] relies on provider data and sometimes reflects higher levels of coverage and speeds than what is actually deployed.

This year's CASF Annual Report relies on FCC data because of better granularity and a more recent dataset. The CPUC will continue to develop ways to improve broadband data reporting and visualization, including our improvements to validation techniques.

Broadband Availability in Rural and Urban Areas of the State

Table 8 below provides percentages of served and unserved households in California from the FCC's National Broadband Map. The table splits the percentages of served and unserved households using 2020 U.S. Census Bureau urban/rural designation. The numbers reflect all terrestrial broadband service as of June 30, 2023.[21] Terrestrial broadband service includes all wired and all fixed wireless providers but excludes satellite providers. It shows that 83.96 percent of rural households have access to broadband at or above 25/3 Mbps speeds, whereas 97.58 percent of households in urban areas have access at or above 25/3 Mbps. For speeds at or above 100/20 Mbps, 69.03 percent of rural households have access, whereas 96.80 percent of households in urban areas have access. The data show that the Digital Divide between rural and urban areas widens as the speeds increase.

*Calculated percentage of households for broadband serviceable locations contained within the California for which providers report residential fixed broadband service with Copper, Cable, Fiber to the Premises, Unlicensed Fixed Wireless, or Licensed Fixed Wireless technology and speeds of at least 10 / 1 Mbps, or 25/3 Mbps, or 100/20 Mbps.

Progress in Meeting Broadband Deployment Goals

Table 9 below provides percentages of served and unserved households for each Consortia region in California. The numbers reflect all terrestrial broadband service as of June 30, 2023 from the FCC's data. Served households receive broadband speeds of at least 25/3 Mbps or above, while unserved households receive speeds less than 25/3 Mbps. Priority unserved households receive speeds less than 10/1 Mbps.

The table shows that there are twelve Consortia regions where less than 98 percent of households have access to broadband at or above 25/3 Mbps, whereas five Consortia regions where more than 98 percent of households have access to broadband at or above 25/3 Mbps.

As noted above, this year's CASF Annual Report relies on FCC data because of better granularity and a more recent dataset. The FCC's National Broadband Map data at the county-level was aggregated into their Consortia. The table does not show Tahoe Basin Consortia because it is located with Placer and El Dorado County and nested within the Gold Country Consortia. Data published on FCC National Broadband Map relies on provider data and sometimes reflects higher levels of coverage and speeds than what is actually deployed. The CPUC will continue to develop ways to improve broadband data reporting and visualization, including our improvements to validation techniques.

Broadband Adoption Levels

Figure 1: NevCo Fiber optic notice in the forest.

The table on the following page provides broadband adoption levels for each county using FCC deployment data as of June 30, 2023, and CPUC subscriber data as of December 31, 2022. This year's CASF Annual Report relies on CPUC subscriber data because the FCC does not make subscriber data publicly available. The CPUC collects data from broadband providers pursuant to an annual data request the Communications Division sends to known providers of broadband service in California. Subscription data collected from providers at the address level is aggregated to the county level for the purposes of displaying adoption of broadband service in the below table. Providers report adoption levels as part of their submission as consumer connections[22], instead of households.

The broadband adoption rate is defined as the percentage of consumer fixed broadband access connections over the total households offered broadband Internet access service. The table shows a statewide broadband adoption rate of 70.82 percent. The data show that additional barriers to broadband access may exist beyond just infrastructure deployment. Sierra is the only county that exceeds an adoption rate of 100 percent due to the number of households offered broadband Internet service versus consumer connection. According to the FCC data, there are only 191 households that were offered broadband Internet services at speeds of at least 25/3 Mbps, which translates to only 7.4 percent of all households in Sierra County. However, the CPUC collected more than 191 consumer connections at 25/3 Mbps in Sierra County. Both these numbers will fluctuate over time.

Map 2 depicts broadband adoption by county at minimum speeds of 25/3 Mbps using FCC data as of June 30, 2023, and CPUC data as December 31, 2022.

---

[22] Consumer connections include subscriptions to housing units, including unoccupied housing units.

Broadband Infrastructure Grant Account

A. Infrastructure Grants in 2023

- The CPUC opened an application cycle in June 2023 and received 74 applications totaling $527,954,737.

- The CPUC approved a grant award of $688,431 to construct the Connect Anza Phase 3 Project to bring broadband access to 28 unserved households in a rural area of Riverside County.

The CPUC made $13.8 million in payments to 15 projects in 2023. These projects will provide broadband access to an estimated 13,025 households.

B. Infrastructure Funds Expended in 2023 and Expected Benefits

The CPUC made approximately $13.8 million in payments in 2023 for 15 approved infrastructure projects. The following table lists the payments made for specific projects. The expected benefits of funds expended in 2023 can be expressed as the number of households that will have access to broadband. An estimated 13,025 potential households will have access to broadband from the payments to projects that are listed in the following table. The grantees for projects approved after November 2022 will waive installation fees and provide service at the fixed monthly subscription rate (per the application) for a minimum of five years.[23]

Figure 2: Charter Communications constructing last-mile fiber splices for the Brookside Mobile Home Park in Los Angeles County. Completed in 2023 and now has 190 broadband subscribers.

---

[23] Decision 22-11-023, Attachment 1 at p. A-23. For projects approved before November 2022, the period is two years.

Table 11: Funds Expended in 2023

	Project Name	Grantee	County	Completion Status	Payment Amount
1	Sutter Placer	Digital Path	Sutter and Placer	Complete[24]	$ 207,719
2	Buckeye & Banner Mountain	Nevada County Fiber	Nevada	Ongoing	$ 95,359
3	Smith River	Frontier California	Del Norte	Ongoing	$ 501,736
4	Buckeye & Banner Mountain South Project	Nevada County Fiber	Nevada	Ongoing	$ 17,641

---

[24] Digital Path's-Sutter Placer project was completed in 2022. This payment reflects the second and final payment.

	Project Name	Grantee	County	Completion Status	Payment Amount
19	Southern Lassen	Plumas-Sierra Telecom	Lassen	Ongoing	$ 821,930
20	Mohawk Valley	Plumas-Sierra Telecom	Plumas	Ongoing	$ 258,887
Total:					$ 13,778,479

C. Total Infrastructure Projects Awarded Since 2008

The CPUC has awarded $298,620,014 to fund 96 broadband infrastructure projects (not including 44 withdrawn projects totaling approximately $168 million) since the beginning of the program in 2008 through December 31, 2023. The 96 completed and active projects include last-mile, hybrid and middle-mile projects that provide (or will provide) broadband access to an estimated 319,723 potential households. [25]

Table 12: Total CASF Infrastructure Projects Awarded 2008 – 2023[26]

	Approved Projects	Completed	Ongoing	Amount Awarded	Estimated Potential Households*
Last-Mile	72	55	17	$156,678,880	59,502
Middle-Mile	7	7	0	$53,618,954	256,292
Hybrid	17	9	8	$88,322,180	3,929
Totals:	96	71	25	$298,620,014	319,723

*Based on estimated potential households provided in the CPUC resolutions and letters approving projects.

---

[25] Hybrid projects are last-mile projects that include middle-mile infrastructure.

[26] Funding for projects withdrawn by grantees is not included.

Map 3: Locations of All CASF Approved Projects as of December 31, 2023
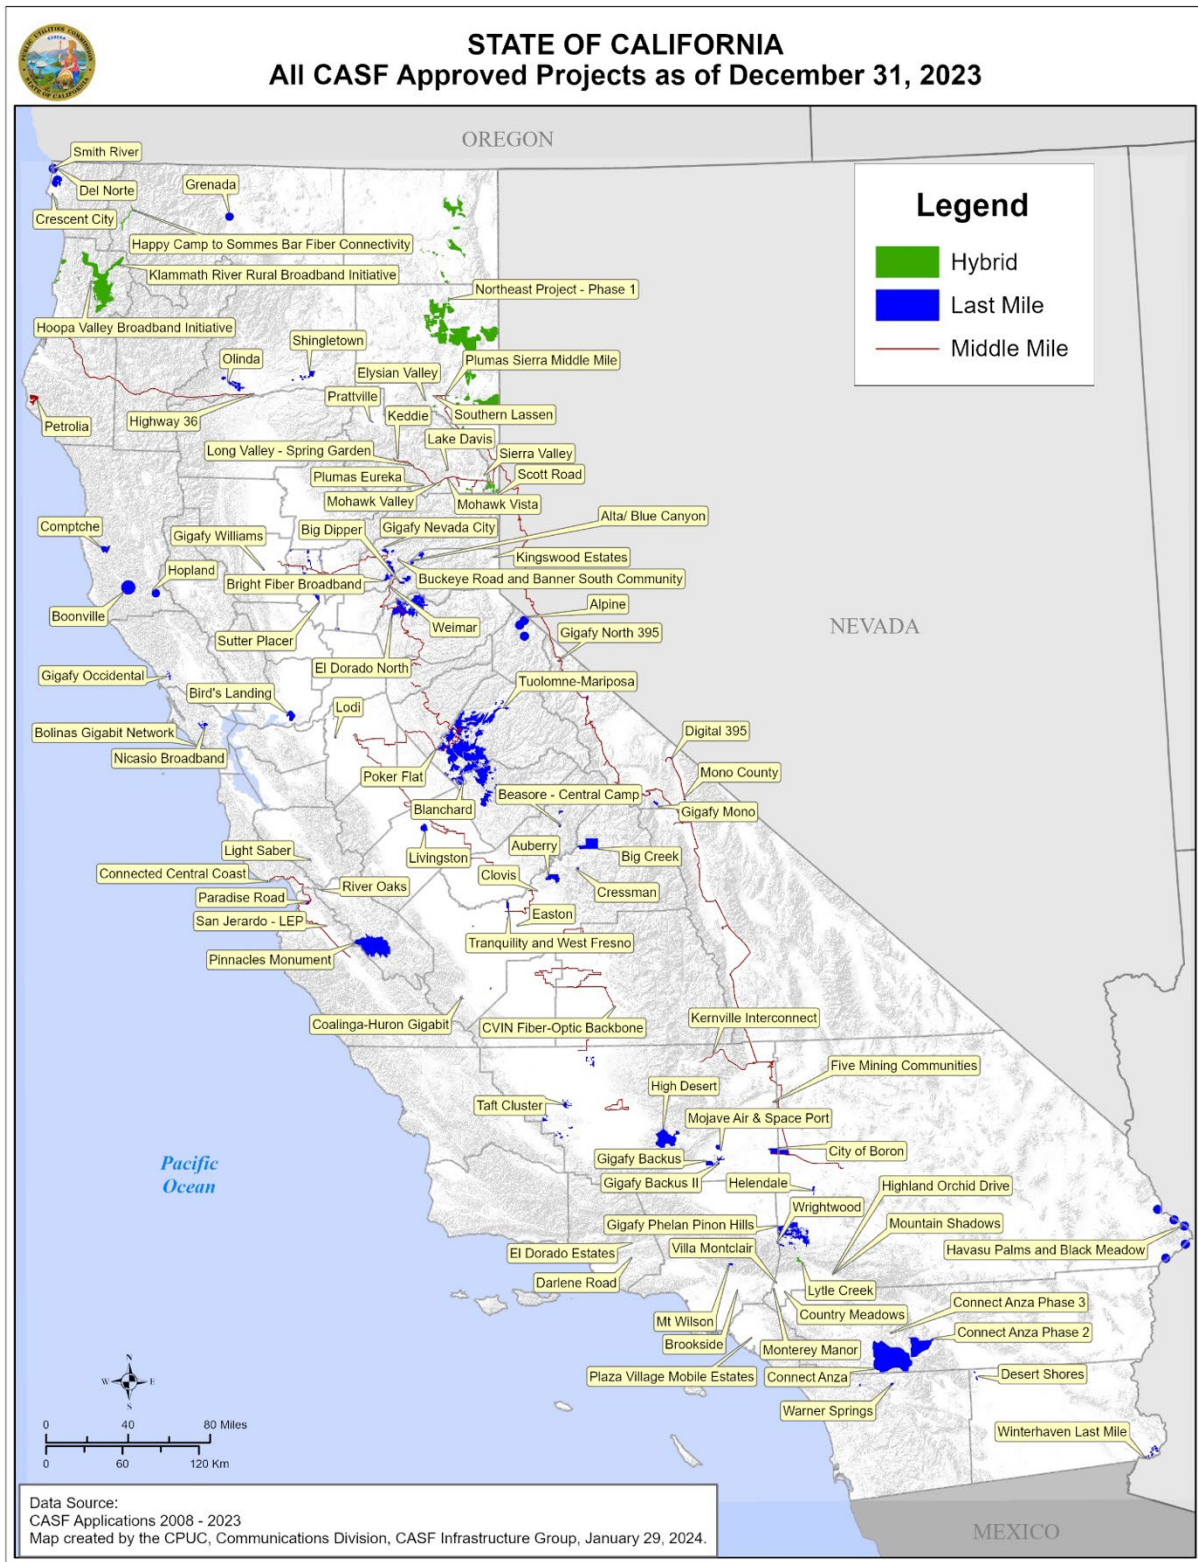

1. Project Subscriptions as of December 31, 2023

The CPUC is required to report the number of formerly unserved households that subscribed to broadband in CASF project areas.[27] The CPUC collects this information through annual data requests to Infrastructure Account grantees for all last-mile and hybrid projects. Altogether, the provided data indicated that as of December 31, 2023, there were a total of 37,528 households who signed up for broadband services provided by 71 completed CASF projects. Attachment A provides the household subscriptions (both projected and actual) for each completed last-mile or hybrid project as well as project funding and status.

2. Cost per Household as of December 31, 2023

The CPUC is required to report the cost per household for each infrastructure project.[28] Attachment A provides the cost per household each project as of December 31, 2023. The table below shows the average cost per household for all approved last-mile, middle-mile, and hybrid projects. The cost per household is calculated by dividing the total amount awarded by the total estimated potential households in the project. However, this amount does not reflect the full cost of connecting a household as the CASF awards did not subsidize 100 percent of project costs prior to the passage of AB 1665 in 2017.

Figure 3: Hunter Communications placing fiber in Humboldt County for the Hoopa Valley Broadband Initiative Completed in July 2023 and currently active with 220 subscribers.

Table 13: Average Cost Per Household of CASF Projects[29]

	Approved Projects[30]	Total Amount Awarded	Total Estimated Potential Households*	Average Cost per Household
Last-Mile	72	$156,678,880	59,502	$2,637
Middle-Mile	7	$53,618,954	256,292	$208
Hybrid	17	$88,322,180	3,929	$22,479

---

[27] Pub. Util. Code, § 914.7(i).

[28] Pub. Util. Code, § 914.7(h).

[29] Includes all CASF project types including Fiber to the Home (FTTH), Fixed Wireless (FWA), and Hybrid/Fiber Coax (HFC).

[30] Project count updated to reflect projects withdrawn or rescinded since the 2022 Annual Report

*Based on estimated potential households provided in the CPUC resolutions/letters approving projects.

D. Rural Digital Opportunity Fund

Pub. Util. Code, section 914.7 (m) requires the CPUC to provide "[a]dditional details on efforts to leverage non-California Advanced Services Fund moneys." In 2021, the CPUC published rules for the CASF-Rural Digital Opportunity Fund (RDOF) "Kicker" Funding Initiative and the "Nearby" RDOF-Funded Project Initiative s in D.21-01-003. The Decision also set program rules and solicited applications for CASF funding to supplement up to $2 billion under the Federal Communications Commission's Rural Digital Opportunity Fund (RDOF) program. The CPUC did not provide any CASF-RDOF grants in 2023.

E. Line Extension Program

The Line Extension Program (LEP) is a program within the Broadband Infrastructure Grant Account that subsidizes the cost of connecting an individual household or property to an existing or proposed facility-based broadband provider.[31] The program was established by AB 1665, which provided a total funding allocation of $5 million and was implemented by Decision 19-04-022.

The CPUC approved funding for two projects in 2023 for a total of $1,773,323.

In January 2023, staff provided ministerial approval for an LEP grant to extend service to a low-income resident's home in Grass Valley in the amount of $2,574.61. Comcast Corporation, the service provider completed the project on March 20, 2023.

On March 15, 2023, staff received a grant application from South Valley Internet to provide funding for the Southside Road Project to bring broadband at speeds of 1 gigabit per second (Gbps) symmetrical (download and upload) to 194 households serving 740 residents, including 130 school-aged children currently enrolled in the public school system. The CPUC voted unanimously to approve funding for the Southside Road project on August 31, 2023.

The following table provides details on all LEP grants awarded as of December 31, 2023.

Table 14: Grants Awarded for Line Extension Projects

	Project Name	Grant Recipient	County	Completion Status	Award
1	Arias Line Extension	Audeamus, dba Sebastian	Fresno	Completed Dec 2020	$5,230
2	San Jerardo Housing Cooperative	Cruzio Media Inc.	Monterey	Completed Sep 2022	$292,548

---

[31] Pub. Util. Code, § 281(f)(6).

	Project Name	Grant Recipient	County	Completion Status	Award
3	Grass Valley	Comcast Corporation	Nevada	Completed Mar 2023	$2,575
4	Southside Road Project	South Valley Internet	San Benito	Under Construction	$1,770,748
	Total:				**$2,071,101**

F. Infrastructure Account Benefits

CASF Infrastructure Account grantees were asked to report data on job creation and socioeconomic benefits related to 71 of their associated projects.[32] The Infrastructure Account received data responses for 45 of the projects[33] in response to questions related to job creation. The grantees reported that 59% of their projects aimed to create jobs and 36% of their projects plan to stimulate additional job creation initiatives. Regarding the socioeconomic benefits of their projects, the percentages of grantees that assisted customers with access to various services are as follows:

- Educational Resources – 91%
- Health Services – 93%
- Government Services – 93%
- Secure Access to Internet – 87%
- Connect to others through the Internet – 84%
- Health Services – 91% of grantees noted that they assisted customers with

These responses highlight the significant role of CASF grantees in providing essential resources and fostering connections within communities.

---

[32] Staff sent out data requests to 28 grantees for job creation and socioeconomic data and 21 grantee's responses were received.

[33] Grantees were not mandated to respond to the CPUC's annual request for data required for the CASF Annual Report, prior to D.22-11-023, approved on November 17, 2022.

Rural and Urban Regional Broadband Consortia Grant Account

The Consortia Account provides grants to eligible consortia to facilitate broadband deployment by assisting CASF infrastructure grant applicants in the project development or grant application process or assisting broadband deployment projects related to programs created under SB 156 and AB 164.[34] On May 19, 2022, the CPUC adopted D.22-05-029, which made programmatic changes to the Consortia Account including allocating $10.71 million in funding for FY2023-24.[35] The Decision also modified Consortia Account rules, including expansion of allowable consortia activities, increasing the annual maximum funding cap, and clarifying consortia regional boundary requirements. Since the account's inception, the CPUC has awarded consortia grants in six solicitations - in 2011, 2016, 2019, 2020, 2021, and 2022. Map 1 of this report illustrates the distribution of the 16 consortia regions both currently and previously funded by county.[36]

The CASF funds the following consortia activities consistent with Pub. Util. Code section 281:[37]

- Collaborating with the CPUC and other state agencies to engage regional consortia, local officials, Internet service providers, stakeholders, and consumers regarding priority areas and cost-effective strategies to achieve the broadband access goal.

- Identifying potential CASF infrastructure projects or potential broadband deployment projects related to new programs created under SB 156 and AB 164, along with other opportunities, where providers can expand and improve their infrastructure and service offerings to achieve the goal of reaching 98 percent broadband deployment in each consortia region.

- Assisting potential CASF infrastructure applicants or potential applicants for broadband deployment projects related to the new programs created under SB 156 and AB 164 in the project development or grant application process.

- Conducting activities that will lead to or that can be reasonably expected to lead to CASF infrastructure projects or broadband deployment projects related to new programs created under SB 156 and AB 164, including but not limited to the following examples of allowable activities:

  » Supporting project permitting activities.

---

[34] Pub. Util. Code, § 281.

[35] In addition to the $10.71 million, the Consortia Account was previously authorized $25 million.

[36] On June 1, 2022, the Communications Division sent a letter to the CASF Distribution soliciting Consortia grant applications for all regions starting in January 2023. Applications were due on July 15, 2022. Subsequently, the CPUC approved fifteen awards on January 12, 2023, to facilitate the deployment of broadband services by assisting CASF infrastructure grant applicants in the project development or grant application process or assisting broadband deployment projects related to programs created under SB 156 and Assembly Bill (AB) 164.

[37] The CPUC approved Decision 18-10-032 adopting revised rules and guidelines for the Consortia Account.

> » Engaging local government officials and communities to better understand and explain regional broadband needs and solutions and providing technical assistance to such entities.

> » Conducting an inventory of public assets (e.g., rights-of-ways, publicly owned towers, public utility poles, equipment housing, publicly owned property) and aggregate demand, including speed tests and the identification and updates of priority areas.

- Assisting the CPUC in publicizing requests for wireline testing volunteers in areas, as needed.

- Assisting the CPUC in promoting broadband deployment in California, related to the Federal Funding Account and other programs including Middle-Mile, Broadband Loan Loss Reserve, and Local Agency Technical Assistance created under SB 156 and AB 164.

A. Consortia Grants Approved in 2023

On June 1, 2022, the CPUC released a new solicitation to accept applications representing all regions starting in January 2023. From this solicitation, the CPUC approved fifteen applications for $10,333,173 in total funding in Resolution T-17778.[38]

The following table provides a list of these fifteen approved grants.

Table 15: Consortia Account, Grants Awarded in 2023

Consortium	Geographic Area
Broadband Consortium of the Pacific Coast	San Luis Obispo, Santa Barbara, and Ventura counties
Central Coast Broadband Consortium	Monterey, Santa Cruz, and San Benito counties
Connected Capital Area Broadband Consortium	Sacramento, Sutter, Yolo, and Yuba counties
Central Sierra Economic Development District/Broadband Utility Zone	Tuolumne, Calaveras, Amador, Mariposa, and Alpine counties
Gold Country Broadband Consortium	Sierra, Nevada, Placer, and El Dorado counties
Inland Empire Regional Broadband Consortium	San Bernardino and Riverside counties
Inyo-Mono Broadband Consortium	Inyo and Mono counties
Los Angeles Digital Equity Action League Consortium	Los Angeles County
North Bay/North Coast Broadband Consortium	Mendocino, Marin, Napa, and Sonoma counties

---

[38] Resolution T-17778, issued January 12, 2023.

Consortium	Geographic Area
Northeastern California Connect Consortium	Butte, Lassen, Modoc, Plumas, Shasta, Siskiyou, and Tehama counties
Redwood Coast Connect Broadband Consortium	Humboldt, Del Norte, and Trinity counties
San Joaquin Valley Regional Broadband Consortium	San Joaquin, Stanislaus, Merced, Madera, Fresno, Kings, Tulare, and Kern counties
Southern Border Broadband Consortium	San Diego and Imperial counties
Tahoe Basin Project	Tahoe Basin area in Placer and El Dorado counties
Upstate California Connect Consortium	Glenn, Colusa, and Lake counties

B. Consortia Funds Expended in 2023

The CPUC disbursed $1,153,947 to the consortia in 2023. The following table shows the payments in 2023 and total payments, as of December 31, 2023, to the consortia groups approved for funding.

Table 16: Consortia Account, 2016, 2019, 2021, & 2023 Cycle Disbursement Summary

	Consortia	Amount Paid in CY 2023[39]	Total Paid as of 12/31/23
1	Broadband Consortium of the Pacific Coast	$73,538	$695,110
2	Central Coast Broadband Consortium	$240,796	$577,677
3	Central Sierra Connect Consortium	$ -	$245,500
4	Connected Capital Area Broadband Consortium	$ -	$723,800
5	East Bay Broadband Consortium	$ -	$262,491
6	Eastern Sierra Connect Consortium	$ -	$65,513
7	Gold Country Broadband Consortium	$ -	$489,233
8	Inland Empire Broadband Consortium	$25,150	$749,373
9	Inyo-Mono Broadband Consortium	$ -	$142,737

---

[39] Table 16 summarize payments made for the application cycles of 2016, 2019, 2021, and 2023. Grants approved in Resolution T-17778 commenced on February 1, 2023. The CPUC anticipates consortia approved in 2023 to submit payment requests in 2024 and future years.

	Consortia	Amount Paid in CY 2023[39]	Total Paid as of 12/31/23
10	LA Digital Equity Action League Consortium	$ -	$76,105
11	Los Angeles County Regional Broadband Consortium	$ -	$592,039
12	North Bay/North Coast Broadband Consortium	$102,455	$606,389
13	Northeast California Connect Consortium	$ -	$296,518
14	Northeastern California Connect Consortium	$218,618	$352,314
15	Redwood Coast Connect Consortium	$267,632	$605,671
16	San Joaquin Valley Regional Broadband Consortium	$ -	$60,330
17	Southern Border Broadband Consortium	$28,170	$261,240
18	Tahoe Basin Projects	$ -	$233,286
19	Upstate California Connect Consortium	$197,588	$590,178
Total:		**$1,153,947**	**$7,625,505**

C. Consortia Account Benefits

For awards granted in 2023, the disbursements to consortia groups were for the following activities:

- Collaborating with the CPUC, and other state agencies to engage regional consortia, local officials, ISPs, stakeholders, and consumers regarding priority areas and cost-effective strategies to achieve the broadband access goal.

- Identifying potential CASF infrastructure projects or potential broadband deployment projects related to new programs created under SB 156 and AB 164, along with other opportunities, where ISPs can expand and improve their infrastructure and service offerings to achieve the goal of reaching 98% broadband deployment in each consortia region.

- Assisting potential CASF infrastructure applicants or potential applicants for broadband deployment projects related to the new programs created under SB 156 and AB 164 in the project development or grant application process.

- Conducting activities that will lead to or that can be reasonably expected to lead to CASF infrastructure projects or broadband deployment projects related to new programs created under SB 156 and AB 164, including the Federal Funding Account, Middle-Mile, Broadband Loan Loss Reserve, and Local Agency Technical Assistance.

- Assisting the CPUC in publicizing requests for wireline testing volunteers in areas, as needed.

To assess the Consortia Account output, staff sent consortia grantees a data request on December 22, 2023, requesting information about outcomes of consortia deployment efforts in 2023. The following provides a summary of the responses.

- Ten active consortia grantees responded detailing their efforts in deployment, as shown in Attachment B.
- Of the 12 consortia grantees that responded, 11 consortia grantees reported that they worked on potential CASF broadband deployment projects in 2023.

1. Consortia Account Performance Metrics

Grantees were asked to report data on job creation and socioeconomic benefits related to their associated projects.[40] The Consortia Account received ten complete data request submissions. Of the submissions, 50% reported that their projects aimed to create jobs. In relation to job creation, 40% of grantees have future plans to stimulate additional job creation initiatives. Additionally, grantees were asked about the socioeconomic benefits of their projects. Of the submissions, 80% helped participants access educational resources, 70% helped participants access health services, 80% helped participants access government services, 80% helped participants access the Internet securely, and 70% helped participants to connect to others through the Internet.

The following table summarizes Consortia Account broadband deployment performance metrics as reported by grantees,[41] including the number of CASF line extension applications submitted, the number of CASF infrastructure applications submitted, and priority areas identified in 2023. In 2023, consortia grantees continued to facilitate the deployment of broadband services by identifying priority areas and assisting potential CASF broadband deployment projects.

---

[40] Staff sent out requests to grantees for job creation and socioeconomic data. 10 complete data requests were submitted. Inyo-Mono Broadband Consortium and Tahoe Basin Project did not submit any portions of the data request. Grantees are not mandated to respond to the CPUC's data request required for the CASF Annual Report.

[41] Based on performance metrics reported by Consortia grantees.

Table 17: Consortia Account Performance Metrics – CASF Line Extension and Infrastructure Applications Assisted[42]

					# of CASF Line Extension Applications Assisted and Submitted to date			# of CASF Infrastructure Applications Assisted and Submitted to date			# of Potential CASF Broadband Deployment Projects Identified					
CASF Line Extension and Infrastructure Applications Assisted																
Consortia / Project Name	**Counties Represented**	# of Funding Years	Approved Grant Amount	Per Year Cost	2023	Prior to 2023	Total	2023	Prior to 2023	Total	2023	Prior to 2023	Total	# of Project Permitting Activities Supported	# of Inventory of Public Assets Conducted	# of Wireline Testing Volunteers Recruited
Broadband Consortium of the Pacific Coast	San Luis Obispo, Santa Barbara, and Ventura	3	$600,000	$200,000	0	0	0	29	7	36	34	0	34	25	28	53

D. Total Consortia Grants Awarded Since Inception

As of December 31, 2023, the Consortia Account has awarded approximately $29.1 million since its inception.[43] In addition, the CPUC hosted regional consortia learning community summits and CASF public workshops. See Attachment C for a list of all grants awarded to consortia in the six cycles. The table below lists the active consortia grants as of December 31, 2023.

Table 18: List of Active Consortia Grants as of December 2023

	Consortium	Counties	Active Grant(s)
1	Broadband Consortium of the Pacific Coast	San Luis Obispo, Santa Barbara, Ventura	2019 Cycle Grant; 2022 Cycle Grant
2	Central Coast Broadband Consortium	Monterey, Santa Cruz, San Benito	2019 Cycle Grant; 2022 Cycle Grant
3	Central Sierra Economic Development District/Broadband Utility	Alpine, Amador, Calaveras, Mariposa, Tuolumne Counties	2022 Cycle Grant
4	Connected Capital Area Broadband Consortium	Sacramento, Sutter, Yolo, Yuba	2019 Cycle Grant; 2022 Cycle Grant
5	Gold Country Broadband Consortium	Sierra, Nevada, Placer, El Dorado, Eastern Alpine	2019 Cycle Grant; 2022 Cycle Grant
6	Inland Empire Regional Broadband Consortium	San Bernardino, Riverside	2019 Cycle Grant; 2022 Cycle Grant
7	Inyo – Mono Broadband Consortium	Inyo, Mono Counties	2022 Cycle Grant
8	Los Angeles Digital Equity Action League Consortium	Los Angeles	2021 Cycle Grant; 2022 Cycle Grant
9	North Bay/North Coast Broadband Consortium	Mendocino, Marin, Napa, Sonoma	2019 Cycle Grant; 2022 Cycle Grant
10	Northeast California Connect Consortium	Butte, Lassen, Modoc, Plumas, Shasta, Siskiyou, Tehama	2019 Cycle Grant; 2022 Cycle Grant
11	Redwood Coast Connect Broadband Consortium	Humboldt, Del Norte, Trinity	2019 Cycle Grant; 2022 Cycle Grant

---

[43] The $17.01 million includes approved Consortia awards as of December 31, 2022. The $17.01 million does not include $10.33 million new Consortia awards approved under Resolution T-17778 in January 2023. In addition, the $17.01 million does not include incurred and future state operations.

	Consortium	Counties	Active Grant(s)
12	San Joaquin Valley Regional Broadband Consortium	San Joaquin, Stanislaus, Merced, Madera, Fresno, Tulare, Kings, and Western Kern	2020 Cycle Grant; 2022 Cycle Grant
13	Southern Border Broadband Consortium	San Diego, Imperial	2020 Cycle Grant; 2022 Cycle Grant
14	Tahoe Basin Project	Lake Tahoe Basin Area	2020 Cycle Grant; 2022 Cycle Grant
15	Upstate California Connect Consortium	Glenn, Colusa, Lake	2019 Cycle Grant; 2022 Cycle Grant

Broadband Adoption Account

Eligible applicants for the Adoption Account are local governments, senior centers, schools, public libraries, nonprofit organizations, and community-based organizations with programs to increase publicly available or after-school broadband access and digital inclusion, such as digital literacy training programs.

The Adoption Account approved 125 projects in 2023, awarding approximately $23.26 million in total grant funding.

The Adoption Account provides funding for two types of projects:

- **Digital Inclusion:** Projects providing digital literacy training and public education to communities with limited broadband adoption including low-income communities, senior communities, and communities facing socioeconomic barriers to broadband adoption.

- **Broadband Access:** Projects providing free broadband access in community training rooms or other public space, such as local government centers, senior centers, schools, public libraries, non-profit organizations, and community-based organizations, as well as funding community outreach, such as analysis, comparison of Internet plans and call centers that will increase broadband access and adoption.

The CPUC issued D.22-05-029, which allocated $20.024 million for FY 2022-2023 for the Adoption Account. For FY 2023-2024, the CPUC issued Resolution T-17782, which allocated $20.24 million for the Adoption Account.

Figure 4: Canal Alliance students participating in digital literacy class.

A. Adoption Grants Awarded in 2023

In 2023, the CPUC approved via ministerial review 95 projects submitted in the January and July 2023 application windows. Of the 95 grants approved, 94 were accepted. Additionally, the CPUC approved 34 projects submitted in the July 2022, January 2023, and July 2023 application windows via resolutions.[44] Of the 34 grants approved, 31 were accepted.

Altogether, 125 grants were accepted, totaling $23,262,426 in funding. The following table provides a summary of the approved and accepted projects in 2023.

Table 19: Summary of Approved Projects in 2023

	Digital Literacy	Broadband Access	Call Center	Total Approved and Accepted
Projects	97	8	20	125
Funding	$11,149,297	$951,236	$11,161,893	**$23,262,426**

Attachment D lists the projects approved in 2023 and projects approved since the account inception in 2018. It provides details including project name, grantee, project location, grant amount, payments made, and completion date (if applicable). The following table specifies grants by county awarded in 2023.

Table 20: Grants by County in 2023

County / Region	Grant Amount
Alameda	$612,739
Alameda, Contra Costa	$117,770
Central Coast	$135,264
Contra Costa	$245,250
Fresno	$1,526,970
Greater Bay Area	$99,803
Inyo	$27,030
Los Angeles	$7,306,528
Monterey	$139,999

---

[44] CPUC Resolutions T-17773 (July 2022 round approved April 27, 2023), T-17786 (January 2023 round approved June 29, 2023) and T-17800 (July 2023, round approved December 14, 2023).

County / Region	Grant Amount
Northern California	$493,964
Orange	$149,851
Riverside	$1,042,644
Sacramento	$149,099
San Bernardino	$1,957,762
San Francisco	$481,278
San Mateo	$281,540
Santa Barbara	$899,560
Santa Clara	$1,526,219
Santa Cruz	$72,371
Solano	$302,040
Statewide	$5,541,200
Tuolumne	$80,982
Ventura	$72,564
Total:	**$23,262,426**

B. Adoption Account Funds Allocated and Expended in 2023

The CPUC continued to reimburse for previously approved Adoption Account projects. The following table shows that the CPUC expended $2,295,410 in funding across 16 counties and two statewide projects in 2023.

Table 21: Funds Expended by County in 2023

County	Payments
Alameda	$389,176
Contra Costa	$68,037
Fresno	$89,894
Los Angeles	$482,212
Madera	$2,262
Marin	$116,497
Monterey	$97,742
Orange	$38,607
Riverside	$29,343
San Diego	$84,973
San Francisco	$164,539
San Joaquin	$450
San Mateo	$10,805
Santa Clara	$234,826
Sonoma	$39,123
Statewide	$428,888
Tulare	$18,035
Total:	**$2,295,410**

Figure 5: Digital literacy training at Vivalon Talking Tech in San Rafael

C. Adoption Account Benefits

The Adoption Account benefits can be expressed as the number of people receiving training through the digital literacy projects and the number of people provided broadband access through the broadband access projects. Staff sent grantees data requests to identify the number of people who have benefited from projects.[45] A summary of the data collected is provided below. These numbers will continue to increase as most of the projects are still in progress.

Figure 6: human-i-t digital literacy training.

1) **Digital Literacy:** 37,588 people completed eight hours or more of digital literacy training and 17,467 new broadband subscriptions from the 337 in progress or completed projects awarded as of December 31, 2023.

2) **Broadband Access:** 122,408 people were provided broadband access and 10,672 new broadband subscriptions from the 40 in progress or completed projects awarded as of December 31, 2023.

3) **Broadband Call Center:** 18,360 new broadband subscriptions resulted from 26 in progress or completed projects awarded as of December 31, 2023.

Grantees were also asked about job creation and, more generally, socioeconomic benefits. Out of the responses for 233 projects, approximately 9% responded that the project aimed to create jobs.[46] Grantees reported that 88 jobs were created due to funded activities out of a projected 120 jobs. For example, the International Rescue Committee - San Jose Office is implementing a grant, which was awarded in April 2023, named "Digital Inclusion for School and Careers" with a focus on the needs of low-income refugee, asylee, and immigrant residents and is inclusive of preparing participants for the job market. Although a low number of projects had a specific goal to create jobs, approximately 64% reported providing training programs to enhance workforce skills.

Grantees were also asked about socioeconomic benefits for their funded projects. Of the 223 projects for which responses were provided, 98% helped participants access educational resources, 79% helped participants access health services, 95% helped participants access government services, 98% helped

---

[45] Staff sent out requests to 87 grantees with ongoing projects approved before 2023 and received responses from 54 with 223 projects. Staff acquired project information for 48 grantees who did not respond by referring to recently provided reports. There is no participation information from one grantee (follow-up emails were not responded to). Grantees are not mandated to respond to the CPUC's data request required for the CASF Annual Report.

[46] Pursuant to Public Utilities (Pub. Util.) Code section 281, moneys in the CASF Adoption Account are available to the CPUC to award grants to increase publicly available or after-school broadband access and digital inclusion, such as grants for digital literacy training programs and public education to communities with limited broadband adoption. There is no specific focus on job creation per statue for the CASF Adoption Account and grantees were not directed to collect information on job creation.

participants access the Internet securely, and 97% helped participants connect to others through the Internet.

D. Total Adoption Account Projects Awarded

Since CASF's Adoption Account inception in 2017 through December 31, 2023, the CPUC has approved a total of 337 Adoption Account digital literacy projects, 39 Adoption Account broadband access projects, and 26 call center projects throughout California. Of the digital literacy projects approved, 64 are completed and 273 are in progress. Of the 39 broadband access projects approved, 25 are completed and 14 are in progress. Of the 26 call center projects approved, four are completed and 22 are in progress.

Table 22: CASF Adoption Account Grants Summary (As of 12/31/2023)

Calendar Year	Grant Type	Projects Submitted	Funding Requested	Projects Awarded*	Total Awarded	Payments
Pre-2023	Digital Literacy	352	$ 33,452,394	244	$ 16,576,543	$ 4,104,878
	Broadband Access	45	$ 5,073,400	31	$ 1,324,357	$ 871,077
	Call Center	12	$ 10,292,532	11	$ 8,622,836	$ 2,081,928
2023	Digital Literacy	105	$ 15,194,814	93	$ 7,146,133	$ 101,365
	Broadband Access	12	$ 1,560,492	8	$ 951,236	$ -
	Call Center	17	$ 6,211,855	15	$ 6,011,500	$ -
Totals	Digital Literacy	457	$ 48,647,208	337	$ 23,722,675	$ 4,206,243
	Broadband Access	57	$ 6,633,893	39	$ 2,275,593	$ 871,077
	Call Center	29	$ 16,504,387	26	$ 14,634,336	$ 2,081,928
	Totals	543	$ 71,785,488	402	$ 40,632,604	$ 7,159,249
Outside Funding	CDE Funding**				$ 5,000,000	$ 5,000,000
	Funding Total				$ 45,632,604	$ 12,159,249

*By application round, not date of award. Not inclusive of grants awarded and then rescinded (four projects were rescinded in 2023).

**For the distribution of computing devices in school and school districts in response to the COVID-19 pandemic (Resolution T-17697, issued May 12, 2020).

[47] Not inclusive of Broadband Adoption projects serving multiple counties.

Broadband Public Housing Account

The Public Housing Account provides grants and loans to build broadband networks offering free broadband service for residents of low-income communities. SB 156 revised the Public Housing Account to provide grants and loans to finance projects to connect broadband networks offering free broadband service for residents of low-income communities including but not limited to, publicly supported housing developments, farmworker housing, and other housing developments or mobile home parks with low-income residents, as determined by the CPUC.

The CPUC implemented the programmatic changes to the Public Housing Account resulting from SB 156 in D.22-05-029 such as changes for publicly supported housing developments including farmworker housing and allocated $15 million funding for FY 2022-23. Projects funded after 2022 are subject to the rules and guidelines adopted in D.22-05-029. For FY 2023-2024, the CPUC issued Resolution T-17782 which allocated $15 million for the Public Housing Account.

Figure 7: Smart City Showcase

In 2023, in Rulemaking R.20-08-021, the CPUC issued a draft of a Staff Proposal proposing modifications to the Public Housing Account rules and guidelines. On March 7, 2024, the CPUC approved the modifications to the Public Housing Account and issued D. 24-03-021. The modifications to the rules include expanding eligibility of "other housing developments" and mobile home parks with low-income residents, expanding project eligibility and the scope of costs eligible for reimbursement in low-income communities that lack access to free broadband service.

The following sections detail the Public Housing Account grants awarded and funds expended in 2023.

A. Public Housing Grants Awarded in 2023

In 2023, the CPUC held two application cycles for the Public Housing Account and received 45 applications. Of the 45 applications, 8 applications were withdrawn. The table below highlights the 37 applications that were approved in 2023.

Table 23: Public Housing 2023 Application Cycle

CASF Public Housing Account	In 2023		Since 2008	
	Total Projects	Total Awarded	Total Projects	Total Awarded
	37	$1,982,451	498	$17,075,785

Attachment H and I list all projects approved since the Public Housing Account's inception in 2015. These attachments provide project details including project name, grantee, project location, grant amount, payments made, and completion date or projected completion date.

B. Public Housing Account Funds Expended in 2023

The CPUC reimbursed 11 projects. The table below shows that the CPUC expended approximately $419,515 in funding across four counties in 2023.

Table 24: Fund Expended by County in 2023

County	Payments
Alameda	$18,935
Fresno	$33,000
San Luis Obispo	$66,410
Santa Barbara	$301,170
Total	**$419,515**

C. Public Housing Account Benefits

1. Infrastructure Projects

Prior to D. 22-05-029, the 307 completed infrastructure projects (out of 322 awarded) provide free broadband connectivity to 20,443 public housing units, at an average cost of $422 per housing unit.[48] These completed projects are expected to provide residents with Internet service speeds of at least 6 Mbps downstream and 1.5 Mbps upstream.

All projects approved after 2022 are required to provide free broadband connectivity and provide residents with Internet service speeds at an increased rate of 25 Mbps downstream and 3 Mbps upstream.

The Public Housing Account subsidizes project costs for inside wiring installation and equipment required for inside network (both wired and wireless) construction; maintenance or operational costs such as the ongoing cost of an ISP circuit are not subsidized.

In 2023, 6 completed infrastructure projects approved under the 22-05-029 rules (out of 56 awarded from 2022 and 2023) provide free broadband connectivity to 206 public housing units, at an average cost of $1,350 per housing unit.

2. Adoption Projects

The table below summarizes previously funded Public Housing Account adoption project participation and costs. The 116 completed adoption projects (out of 128 awarded) provided digital literacy training to 5,612 public housing residents (the total resident population for all completed project locations is 23,851). The total average cost is $577 per resident trained. Grantees are required to provide project outcomes including the number of residents trained and the number of residents trained who subscribe to broadband. Of those who completed the digital literacy training, 86 percent subscribe to broadband.

Table 25: Summary of Project Participation and Costs

Projects Completed	Total Awarded	Total Payments	Total Residents	Residents Trained	Percent of Total Residents Trained	Percent Trained that Subscribe to Broadband	Average Cost per Resident Trained
116	$3,895,730	$3,238,922	23,851	5,612	24%	86%	$577

---

[48] Grantees may charge up to $20 per month for broadband service (D. 20-08-005, Section 1.11, Proposed Pricing). No grantees are known to charge residents for the service.

See Attachment J for completed projects costs and participation as of December 31, 2023.

3. Data Request

In an effort to gather information on the socioeconomic benefits of funded projects, grantees were requested to respond to a data request to provide information related to the impact of their funded project. Grantees were asked if their residents had been impacted in any of the following ways:[49]

- Increasing employment prospects
- Accessing educational resources
- Accessing health services
- Accessing government services
- Accessing the Internet securely
- Learning how to connect to others.

Staff sent out data requests to 56 past grantees and received 7 responses which represented a total of 122 projects.

Grantees were asked about job creation and, more generally, socioeconomic benefits. Out of the responses for 122 projects, approximately 3% responded that the project aimed to create jobs. Grantees reported that 10 jobs were created due to funded activities out of a projected 23 jobs. Sixteen percent reported that training programs were provided to enhance workforce skills.

Grantees were also asked about socioeconomic benefits for their funded projects. Of the 122 projects for which responses were provided, 98% helped participants access educational resources, 100% helped participants access health services, 93% helped participants access government services, 84% helped participants access the Internet securely, and 84% helped participants connect to others through the Internet.

---

[49] Grantees are not mandated to respond to the CPUC's data request required for the CASF Annual Report.

Map 5: Location of All Approved Public Housing Account Projects
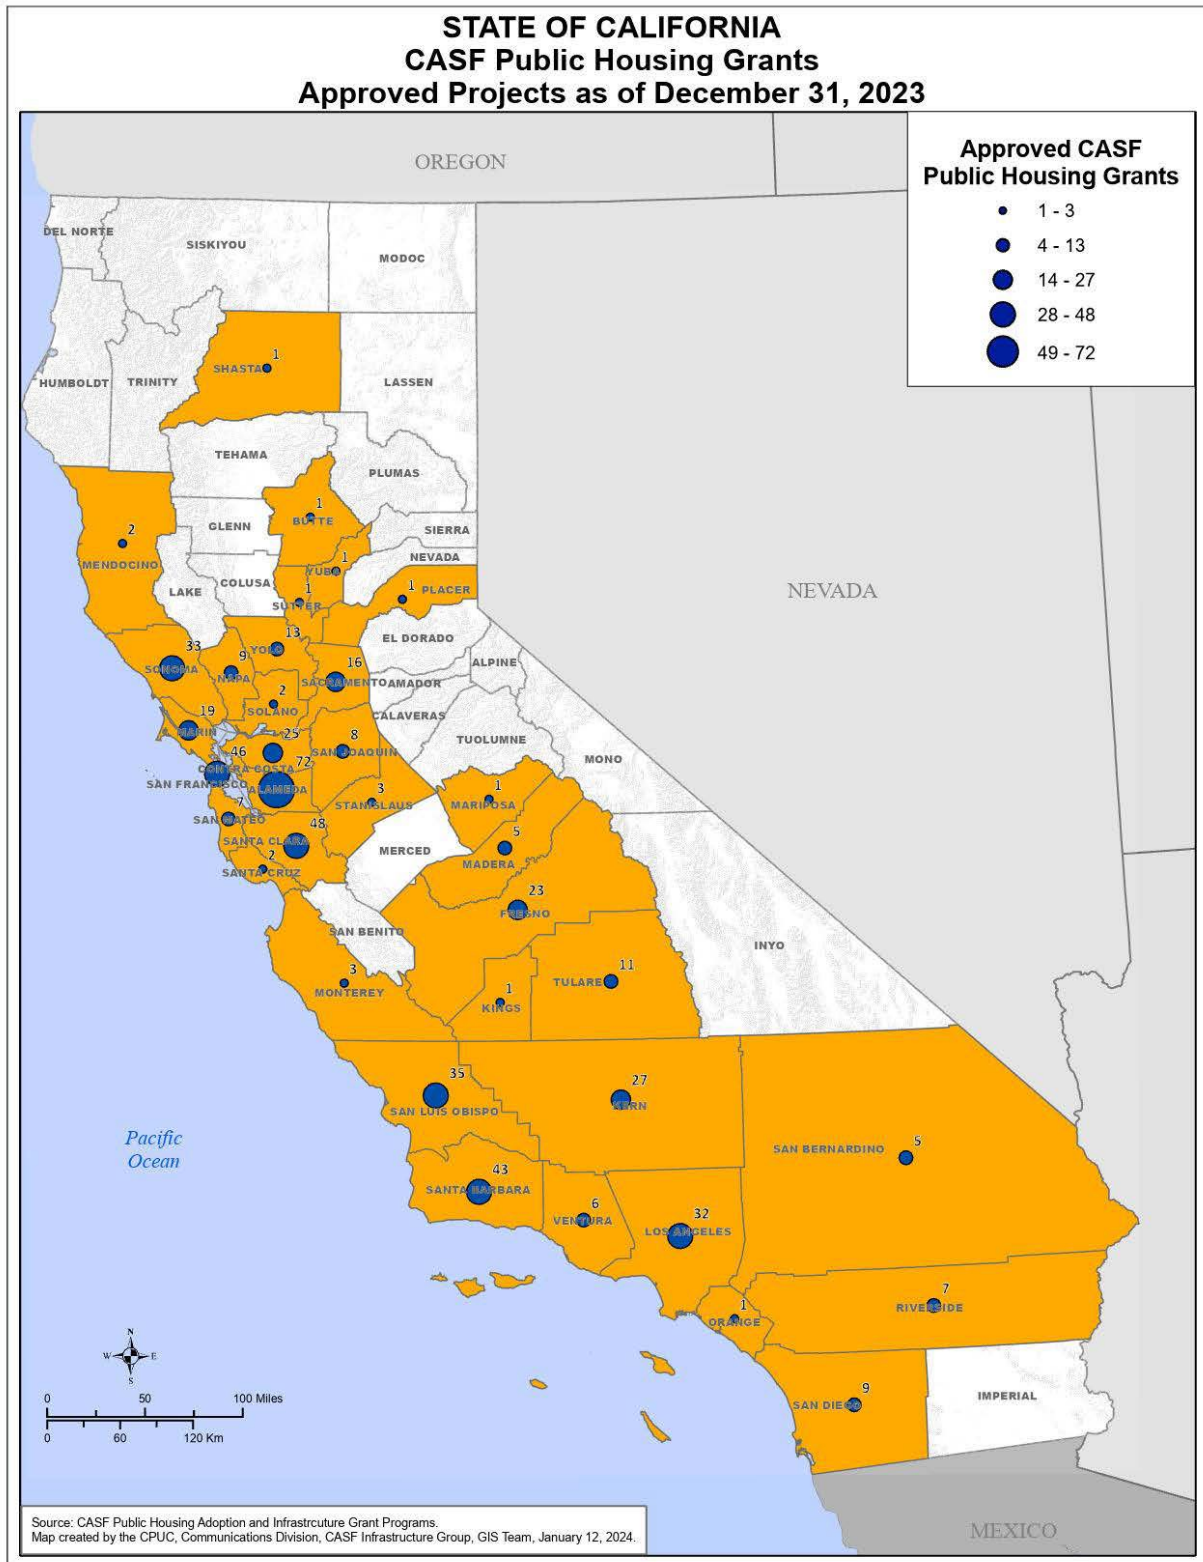

D. Total Public Housing Account Projects Awarded

Since 2015, the CPUC has approved a total of 341 Public Housing Account infrastructure projects and 128 Public Housing Account adoption projects throughout California.[50],[51] Of the 341 infrastructure projects approved, 322 were approved in the application cycles between 2015 and 2022. Of the 322 infrastructure projects approved, 307 are completed and 15 are in progress (these projects were delayed due to the COVID-19 safety restrictions). Of the 128 adoption projects approved, 116 are completed and 13 are in progress. The projects in progress were often paused and picked up again due to COVID-19 safety restrictions as common areas used for on-site instruction closed and some projects have had to shift to virtual training methods.

Table 26: CASF Public Housing Grants Summary (As of 12/31/2023)

Calendar Year	Grant Type	Projects Submitted	Funding Requested	Projects Awarded[52]	Total Awarded	Payments
Pre-2023	Infrastructure	469	$14,694,991	339	$10,601,529	$8,978,172
	Adoption	169	$6,251,874	122	$4,491,806	$3,288,734
2023	Infrastructure	45	$2,371,574	37	$1,982,451	$400,580
	Adoption	0	$0	0	$0	$18,935
Totals	Infrastructure	514	$20,946,865	376	$12,583,979	9,378,752
	Adoption	169	$6,170,389	122	$4,671,020	$3,307,669
	Total:	**683**	**$22,728,255**	**498**	**$17,254,999**	**$12,686,421**

---

[50] Prior to SB 156, from program inception in 2015 through December 2020, the Public Housing Account provided grants for broadband connectivity and adoption in publicly supported housing communities (PSCs). During this period, eligible applicants were limited to PSCs that are wholly owned by a public housing agency or an incorporated non-profit organization (501(c)(3)s that have received public funding to subsidize housing construction or maintenance costs of housing occupied by residents whose annual income qualifies as "low" or "very low" according to federal poverty guidelines.$20 million in grant funding was available to finance infrastructure projects and $5 million was available to finance broadband adoption projects for residents in PSCs. Broadband adoption projects in public housing are no longer funded through the Public Housing Account but can be funded through the Adoption Account.

[51] Numbers are not inclusive of projects rescinded. 8 projects were rescinded in 2023.

[52] Numbers are not inclusive of projects rescinded. 8 projects were rescinded in 2023.

Tribal Technical Assistance Grant Program

The CPUC established the Tribal Technical Assistance Program in D. 20-08-005, [53] which provides grants to California Tribes to support Tribal broadband needs and increase access, and adopted guidelines that established quarterly application windows, eligibility, performance, and payment requirements for technical assistance grants. The CPUC authorized up to

The Tribal Technical Assistance Grant Program approved 7 projects in 2023 awarding approximately $1.019 million in total grant funding.

$5,000,000 in CASF funds for technical assistance grants and up to $150,000 per FY per Tribe. California Tribes, with or without federal recognition, that demonstrate Tribal leadership are eligible for technical assistance grants. In D.22-05-029, the CPUC allotted an additional $2,000,000 for FY 2022-2023for this program.

Eligible applicants can request funding for the following types of technical assistance, including but not limited to[54]:

- Feasibility Studies;
- Market Studies; and/or,
- Business Plans

A. Tribal Technical Assistance Grants Awarded

The CPUC awarded 7 grants to 7 Tribes totaling approximately $1,109,900 for feasibility studies, market studies, and business plans in 2023. Since the program's inception, 67 grants have been awarded to 36 tribes for a total funding allocation of approximately $5,819,750.

B. Tribal Technical Assistance Program Benefits

These grants were designed to advance the goals of Pub. Util. Code section 281 by providing technical assistance to California Tribes to develop market studies, feasibilities studies, and/or business plans which support Tribes in their pursuit of improved communications. Each approved applicant has attested to advancing the CASF program goals and other program criteria as specified in D. 20-08-005.[55]

---

[53] Decision 20-08-005 at pp. 15-17 and Appendix 1 established rules and eligibility criteria for the Tribal Technical Assistance Grant.

[54] Eligible applicants are California Tribes with or without federal recognition, that demonstrates Tribal Leadership support, such as a letter from the Tribal Administrator, chair, or council. (Decision 20-08-005, Appendix 1, p. 3.)

[55] The Tribal Technical Assistance funds Tribal technical assistance and is not for job creation.

---

[56] The CPUC approved funding for a total of 140 Infrastructure projects (over $450 million) since the inception of the CASF program. The reduction of the "total awarded" projects and funding reflects withdrawal of projects by grantees.

[57] Some projects are approved through the Ministerial Review process and are denoted with "Min. Review".

[58] Projects are categorized as last-mile, middle-mile (MM), or hybrid. Hybrid projects are last-mile projects that include middle-mile infrastructure.

[59] Award amounts reflect changes (e.g., supplemental funding awarded) made after original project approval.

[60] Household estimates are from CPUC resolutions approving projects.

[61] Cost per household for each project is calculated by dividing the total award by the estimated potential households.

[62] Subscription data for Last Mile and Hybrid projects gathered via data requests issued to award recipients. Middle Mile and projects not completed are indicated as such.

[63] Completion dates reflect when the CPUC received the completion report. Actual project construction may have been completed prior to the completion report.

‡ Primarily a middle mile project approved prior to CASF rule changes pursuant to AB 1665.

* Based on the project completion report (no data received).

Attachment B: Consortia Account Grantee Reported Benefits Funded by CASF

Outcomes in Deployment

1. Broadband Consortium of the Pacific Coast (BCPC)

- Hosted 10 Broadband Consortium Advisory meetings with tri-county stakeholders from local governments, private industry, Internet service providers, and consumers.
- Hosted webinars on Programmatic EIR, and Funding Landscape for Broadband Deployment. Sent weekly email newsletters providing updated information.
- Continued to support the following projects in an advisory role: Ventura County Middle Mile Network planning groups, Santa Barbara County North County Fiber Ring Project, and San Luis Obispo County North County Strategic Plan.
- Created Last Mile pilots that align with locally identified communities of need: Ventura County: Saticoy; Santa Barbara County: Guadalupe, Casmalia, Los Alamos, and Cuyama
- Supported potential application planning and vetting for Digital West/Astound and Cox Communication, Comcast.
- Supported project permitting activities. Hosted a webinar for municipalities on Permitting Best Practices.
- Engaged local government officials and communities to better understand and explain regional broadband needs and solutions. Attended monthly economic development roundtable meetings with local government officials and business leaders.
- Conducted an inventory of public assets (e.g., rights-of-ways, publicly owned towers, public utility poles, equipment housing, publicly owned property) and aggregate demand, including speed tests and the identification and updates of priority areas.
- Supported development of Digital Equity Coalitions in Ventura County and Santa Barbara County and participated in San Luis Obispo County Council of Governments Digital Equity Roundtable.

2. Central Coast Broadband Consortium (CCBC)

- Collaborated with the CPUC, CDT, and all three county offices (Monterey, Santa Cruz, and San Benito) to host the Broadband for All, Digital Equity, and BEAD Planning Workshop – Seaside on June 2nd, 2023. The event had 163 registrants and sought input on the development of the State Digital Equity Plan (SDEP) and the Broadband Equity, Access, and Deployment (BEAD) Five-Year Action Plan.
- Hosted a webinar available for all regional stakeholders (ISPs, County/Municipal Govt Offices, CBOs, etc.) to provide overview of upcoming opportunities, funding programs, and recommendations to support the initial development of last-mile programs for the upcoming FFA & BEAD Application Windows. Attended by approx. 55 members across the regional stakeholders.
- Produced county-level maps through Chico State's GIS Team for Monterey, San Benito, & Santa Cruz Counties: (1) CPUC Broadband Interactive Mapping of the Eligible and Priority Eligible Locations and (2) the FFA Map - Unserved Locations. Development of regional maps and shapefiles were made available for all stakeholders upon request to assist their proposal development and identify areas to target.

- Supported regional applicants in the Central Coast including -- two CASF Last-Mile Infrastructure Projects (Cruzio and Surfnet) and three FFA Last-Mile Infrastructure Projects (Comcast, South Valley Internet, and Surfnet).
- Developed a public/private partnership model for Surfnet's FFA application in the region bringing together a local ISP (Surfnet) & CBO (Loaves, Fishes, and Computers) to collaborate for a proposal currently in consideration by the CPUC.

3. Central Sierra Economic Development District/Broadband Utility Zone (CSBUZ)

- Participated in bi-monthly county and regional broadband working group meetings/discussions to support continued broadband expansion efforts and prioritize county-wide broadband policies.
- Prepared and released a second Request for Proposals seeking a qualified contractor to assist CSBUZ in implementing program elements of the CASF consortia grant.
- On 12/6/23, the CSBUZ received CPUC approval of the revised scope of work and budget for the CSBUZ CSAF consortia grant. This will allow the CSBUZ to solicit and retain a contractor to assist in grant scope of work implementation.
- Met with six active ISPs across the region to identify various infrastructure projects and funding opportunities.
- Collaborated with Golden State Connect Authority to develop a Broadband Strategic Plan in CSBUZ member counties.
- Participated in numerous meetings/discussions with CETF, NTIA, and CPUC to: 1) promote broadband deployment; 2) provide support, feedback, and cost-effective strategies for deployment, and advocate for digital equity.
- Pursuing other broadband deployment funding through LATA and FFA grant funds.
- Worked with all CSBUZ member counties to further develop priority areas and criteria to determine projects that are best suited for future CASF versus non-CASF funded projects, including county-funded and municipal-owned developments.
- Supported CPUC in updating California Broadband Interactive Map through promoting speed tests, and conducting surveys and community outreach, including press releases.

4. Connected Capital Area Broadband Consortium (CCABC)

- Conducted virtual and in-person meetings with local elected officials, county administrators, city managers, CIOs, planners, public works and utilities directors, economic development managers, other senior leadership and consultants preparing broadband plans for several jurisdictions through CPUC-funded LATA grants. This work covered the Consortia's four counties, several cities, and the Delta Primary Zone to identify priority unserved and underserved areas; provide updates on new CPUC California Advanced Services Fund (CASF) and the Federal Funding Account (FAA) programs, maps, proposal requirements, and timelines; and present information on each jurisdiction's updated deployment and adoption data and status. Served as an ongoing consultation and information resource for local agency staff as new programs rolled out to address mapping and eligibility for various CPUC programs, including changes in mapping from census tracts to location-based, and helped identify potential project areas for CASF and FFA applications. Provided information on state and other permitting best practices and guides.

- Collaborated with the CPUC, California Dept. of Technology (CDT) and the California Emerging Technology Fund (CETF) to organize and host the California Broadband for All Digital Equity and Broadband Digital Equity, Access, and Deployment (BEAD) planning workshop for the Greater Sacramento region on May 11, 2023, as one of 17 regional workshops held across the state. The event involved extensive planning and engagement with local elected officials, ISPs, community partners and residents and provided the opportunity for more than 160 participants to contribute input on regional needs and priorities for the State's BEAD and Digital Equity Plans being submitted to NTIA. The information from the proceedings was disseminated by CCABC and updates were provided to the community on the progress of the state planning processes. CCABC staff also participated in CDT outcomes work groups.

- Provided broadband deployment and adoption information on a regular basis to local jurisdictions, utilities, anchor institutions including K-12 and higher education, SACOG, ISPs, nonprofits, and other community partners. This informational outreach included: CPUC's CASF and FFA funding programs, mapping resources, and eligibility requirements; updates on state planning initiatives including BEAD, Digital Equity Plan, and Middle Mile deployment; and meetings of the CPUC, CDT, California Broadband Council, Middle Mile Advisory Committee, Caltrans, and GO-Biz. Topical areas included the state's Local Permitting Playbook; BEAD/Digital Equity Plan stakeholder input process; the Affordable Connectivity Program enrollment tracker and progress across the region; and resources of the CDT Broadband for All website. Communications methods included CCABC's monthly E-Connection newsletter reaching 1,700 subscribers; the Valley Vision e-newsletter reaching over 11,000 subscribers; various workshops and meetings with external partners; and Valley Vision's Capital Region Coalition for Digital Inclusion quarterly meetings. We conducted special outreach for the California Digital Equity Survey and DEEM tool for CDT. Technical memos were also prepared and disseminated to regional stakeholders on topics such as CASF and FFA funding opportunities.

- Met on an ongoing basis with ISPs including Comcast, AT&T, Frontier, Verizon, Cal.Net and Astound, and infrastructure developer Crown Castle and facilitated their interaction with jurisdictions. These discussions focused on understanding local jurisdiction infrastructure project priorities, state funding opportunities and mapping issues; reviewing potential deployment plans and middle-mile assets of ISPs; and assisting with CASF and FFA applications, including verifying priorities, providing letters of support, and connecting ISPs with local jurisdictions and community stakeholders. A total of seven applications were submitted in June, ,2023 for the CASF program, totaling almost $13 million in requested grant funds, that, if approved, would provide last-mile infrastructure to slightly more than 5,000 unserved or underserved locations. A total of 37 infrastructure applications were submitted by providers, the City of Sacramento, and the Golden State Connect Authority for the FFA program in September 2023. FFA applications requests totaled more than $361 million for the four CCABC counties, exceeding the state's allocation of approximately $114 million.

- Continued to work closely with the city of Isleton, an unserved city with unique challenges being located in the Delta, along with Sacramento County, Yolo County, and the Delta Protection Commission, to find a wireless solution to improve connectivity. Coordination included assistance for ISP Cal.Net to identify a funding source to utilize city assets for deployment and connecting with U.S. Economic Development Administration (EDA) as a possible funding source. The City is proceeding with the first phase of the project with Cal.Net and exploring possible future CASF funding for the second phase through deployment of new wireless technologies.

- Coordinated with Sacramento County on potential infrastructure projects and leveraging of county assets such as towers, antennas, and rights of way. Also connected the County with EDA to explore planning grant funding since the County was not able to secure LATA funding due to lack of funding availability.

Ultimately, the County procured consulting services to collaborate with the City of Sacramento to facilitate county-wide planning and asset sharing, and also submitted grant applications to California Office of Emergency Services for emergency services and public safety projects. Also supported the City of Sacramento in its broadband planning effort funded by LATA.

- Supported the Sacramento Housing and Redevelopment Agency (SHRA), the City of Sacramento and Leataata Floyd Elementary School to implement an innovative CBRS (Citizens Broadband Radio Service) project to connect this underserved community of more than 700 public housing units to the Internet. CCABC worked with SHRA and the city to secure $1.4 million in city ARPA funds to scale up a pilot. The project will provide free Internet access to residents for 5 years, starting in early 2024, and is a model to reach highly underserved high need/high poverty residents in an urban neighborhood, CCABC received a $50,000 grant in December 2023 to provide free computers to in-need residents and support Leataata Floyd to set up a resource center for parents to receive digital literacy training.

- Supported California State University, Sacramento in implementing a new $3 million Connecting Minority Communities grant received from NTIA to train students as digital navigators and place them in nonprofits aiding underserved communities.

- Connected Google Fiber with Sacramento Municipal Utility District (SMUD) to explore opportunities for a joint infrastructure project; advised SMUD regarding permitting processes for use of SMUD assets by ISPs, especially pole attachments, and challenges SMUD is experiencing from inadequate provider applications.

- Prepared issue papers on regional broadband initiatives, priorities and challenges for infrastructure deployment and broadband access and adoption, BEAD and Digital Equity Plan processes, and the Affordable Connectivity Program, This work helped to inform the region's Prosperity Strategy/Ca Jobs First Strategy and the Capital to Capital Program, where information was shared with the legislative delegation and federal agencies including the National Telecommunications and Information Administration (NTIA) and the FCC, in coordination with the CPUC. Served as an ongoing information resource on regional priorities and roll-out of new programs and resources for Congressional leaders. Participated in forum held by Congresswoman Doris Matsui along with the CPUC, NTIA and local leaders. Valley Vision also served as an ongoing information resource for legislative inquiries.

- Met on a regular basis with NTIA's Northern California liaison to gain information on programs, resources, and upcoming processes including the new challenge process being instituted for the BEAD program. Through this work, CCABC provided up-to-date information to our local and regional stakeholders about BEAD and facilitated their direct engagement with the NTIA representative.

- Collaborated with local nonprofit partners, local elected officials, school districts, ISPs, and Congressional representatives to participate in four community events to assist in ACP information and enrollment activities for eligible residents, including in the cities of Sacramento and West Sacramento.

- Co-led the California Forward Broadband for All Workgroup working on supporting implementation of SB 156 initiatives in collaboration with the CPUC, CDT, GO-Biz, and the Legislature. This work included organizing and facilitating a working session at the CA Forward Economic Summit with CPUC and CDT on the BEAD and Digital Equity Plan recommendations, updates on CASF and FFA, and other priority issues. This information reaches a broad statewide network.

5. Gold Country Broadband Consortium (GCBC)

- Provided mapping data updates utilizing GeoTel Data, County Survey Data (ongoing).
- Worked with County ITs to promote and track, survey data, speed data, customer service and provider reliability, to share with CPUC and ISPs. Participated in TD PUD Feasibility Study and Review.

- Utilized a GIS Consulting firm to create a single web-based map displaying both FFA and CASF grant applications as a tool to clearly identify grant areas and overlapping project area boundaries.
- Promoted and attended community outreach campaigns to inform communities of Broadband efforts at Local, County, State, and Federal levels. Describe all three maps (CASF/FFA/BEAD), demonstrate how to update incorrect mapping information to prepare funding opportunities.
- 2 Radio interviews, 8 Firewise Community Meetings, 4 Library Community Meetings, 4 MAC Meetings, 8 HOA meetings
- Promoted Nevada County Survey and identified unserved areas. Helped ISPs utilize data to incorporate into CASF and FFA Grant Applications
- Promoted State Survey, DEEM Survey Tool, Broadband for All, MMI, and CDT Meetings to Stakeholders.
- Ongoing Phone & Emails interactions to collect public feedback and support residents in Challenging/Providing Feedback to mapping inaccuracies:
- CPUC Interactive BB Map (b) FFA Public Map (c) FCC Fabric Map
- Publish Monthly E-News, and E Blasts between publications as necessary to educate and inform the public, stakeholders, government agencies about broadband related news and legislation updates.
- Promoted CASF and FFA Last Mile Grant Opportunities.
- Assisted ISPs and residents in understanding guidelines, scoring matrix, and the Objection Period, Process, and Timelines.
- Identified 20 priority areas across four counties.
- Updated broadband provider offerings in all 4 counties on an ongoing basis.
- Communicated with 14 anchor institutions.
- Identify and update key anchor institutions in all 4 counties (ongoing weekly)
- Identified 10 CASF infrastructure projects throughout Nevada County, Placer County, and Sierra County.
- Worked with ISPs to pair local, County, CASF, FFA, future BEAD opportunities to project technology type.
- Encouraged best practices and promoted CETF's Check List of Best Practices for Local Governments.
- Researched Micro Trenching Sample Ordinances/Guidelines/Standards specific to rural areas.
- Assisted with CASF and FFA Last Mile Grant Applications, provided letters of support, and researched applicants' questions.
- Encouraged letters of intent, explored document reliability issues, and assessed performance criteria.
- Tracked grant project areas and identified over lapping areas.
- Worked with County purchasing team to publish an RFQ to vet ISPs.
- Participated in RFQ selection and scoring process.
- Attended community meetings.
- Hosted one of the 20 In-Person Regional Broadband State Digital Equity Plan and BEAD Regional Event on behalf of CDT and the CPUC.
- Supported ACP Promotion and Outreach in collaboration with CETF in GCBC territory and beyond, including two in-person enrollment events and multiple meetings with HHS, CBOs, and anchor institutions.
- Presented to local Chamber and Merchant Associations regarding the importance of Broadband for their merchants.

- Provided advisory services at Firewise communities.
- Included Broadband as a core priority in the 5-county Sierra Economic Development District CEDS based on survey results and stakeholder engagement comments.
- Assisted Plumas County with installation of an emergency wireless transmitter for broadband.
- Included broadband issues and funding for economic opportunities in SBC monthly newsletter.
- Tracked developing legislation for broadband funding and composed letters of support for rural communities.
- Organized and facilitated Community ideation and outreach events focused on economic development in underserved communities and the need for affordable broadband to fuel economic diversification and equity.

6. Inland Empire Regional Broadband Consortium (IERBC)

- Worked with 12 Internet Service Providers (ISPs) regarding potential CPUC CASF Grants in Riverside and San Bernardino Counties which resulted in 3 ISPs submitting 6 CASF Broadband Infrastructure Grant Applications on 6/1/2023.
- Assisted 3 ISPs with 26 CPUC CASF Last Mile Federal Funding Account (FFA) Grant Applications submitted on 9/29/2023.
- Encouraged ISPs to participate in the California State Middle Mile Advisory Meetings and plan for their CASF, FFA, and other broadband grant applications to leverage this resource.
- Participated in Caltrans broadband permitting improvements efforts to help improve broadband deployment in their right-of-way.
- Provided information to SCAG to help jurisdictions improve broadband permitting processes.
- Worked with Riverside and San Bernardino Counties on their broadband planning efforts and coordination with ISPs.
- Assisted Riverside and San Bernardino Counties with the California Department of Technology (CDT) and CPUC Digital Equity and Broadband Equity, Access, and Deployment (BEAD) Regional Planning Workshop at Cal State San Bernardino on 5/16/2023.
- Participated in the SoCal Transformation Digital Divide Group which helps unify stakeholders, ISPs, cities, all 7 counties in the Southern California region, including Riverside and San Bernardino Counties, regional governments, SCAG, SANDAG, and Regional Broadband Consortia around improved broadband deployment and access including digital equity, broadband permit streamlining, dig-once policies, CASF Broadband Infrastructure grants, FFA Grants, and other broadband grant opportunities.
- Assisted in facilitating SoCal Gas Company broadband consultations with ISPs for the CPUC Mobile Home Park Utility Conversion Program providing "dig once" opportunities where ISPs could leverage resources and coordinate their broadband deployment by scheduling it at the same time as SoCal Gas Company construction work.
- Provided information to cities and counties about SB378, which requires jurisdictions to allow the use of micro trenching for broadband fiber installation.
- Provided information to cities and counties to include broadband and dig once policies in their General Plans.
- Provided information to local agencies regarding the CPUC Local Agency Technical Assistance (LATA) Grants.

- Encouraged ISPs in the Inland Empire not participating in the FCC Affordable Connectivity Program (ACP) to apply for the program.
- Participated in CDT Digital Equity and BEAD Planning Group Meetings and CDT Digital Equity Outcome Area Working Group Meetings.

7. Los Angeles Digital Equity Action League Consortium (LA DEAL)

- Identified opportunities for collaboration between the state and local partners on SB 156 and BEAD programs in LA County through facilitated monthly virtual meetings with GoldenStateNet, the CPUC, and California Department of Technology. Additionally, LA DEAL organized a meeting between the Antelope Valley Broadband Corporation (AVBC) and the California Department of Technology and Gov Ops representatives in December to share about the socio-economic impacts that state investments in the AVBC's network would have for the region. This continued dialogue between state and regional leaders aims to coordinate middle-mile deployment with localized connectivity solutions to comprehensively address broadband gaps impacting Los Angeles households, educate local partners on state programs and plans, and inform the state on local efforts and needs.

- One of LA DEAL's most impactful activities in 2023 was co-hosting with CETF, and serving as the local partner, for the BEAD LA Regional Workshops in South LA and in the Antelope Valley. These workshops were attended by over 160 people, comprised of representatives from all of the covered populations, municipal and public leaders, Internet Service Providers, philanthropic and non-profit organizations. The convening featured a CPUC presentation on the middle-mile and ongoing funding opportunities for interested applicants seeking to develop broadband infrastructure developments. The event enabled local stakeholders to directly inform the state's Digital Equity Plan and connect with state broadband leadership.

- LA DEAL helped community stakeholders understand and engage in opportunities and resources to advance their broadband infrastructure efforts by co-hosting technical assistance workshops throughout the year with discussions that covered topics such as the Local Agency Technical Assistance Program, Federal Funding Account, the California Interactive Broadband Map, Loan Loss Reserve Fund, and emerging developments with federal and state broadband infrastructure funding. These discussions aimed to help interested applicants and regional stakeholders inform route planning, including proposed segments, planned joint builds, and proposed Indefeasible Right of Use paths. Additionally, LA DEAL developed and disseminated a monthly newsletter to distribute the most up-to-date details on the state's broadband efforts and highlighted opportunities for regional collaboration through continued outreach and information sharing between applicants aimed at expanding opportunities for developing connectivity plans and infrastructure improvements.

- Engaged local government officials across the county to better understand broadband needs and opportunities by coordinating a Digital Divide Panel at the LAEDC's 88 Cities summit. Municipal leaders across Los Angeles County discussed strategies for public-private partnerships to address connectivity gaps. The panel convened cross-sector representation from private companies, public agencies, and philanthropy to share best practices on structuring partnerships to develop local broadband infrastructure projects. Speakers highlighted examples of cities successfully building their own networks and representatives from the CPUC outlined upcoming funding opportunities like the Federal Funding Account and Broadband Infrastructure Account available for communities to apply for eligible disadvantaged areas.

- Engaged community stakeholders through participation in the Digital Equity LA bootcamps in January at the LA City Bureau of Street Lighting and in September at Destination Crenshaw – both have developed broadband deployment projects and applied for FFA funds.

- Explored potential opportunities to connect industry partners with public partners through meetings with Crown Castle and Charter Communications.

8. North Bay North Coast Broadband Consortium (NBNCBC)

- Engaged 4-County governments in Local Agency Technical Assistance Grant collaborations.
- Assisted infrastructure applicants in FFA Application: Marin Coastal Hwy 1
- Assisted infrastructure applicants in FFA Application: GSCA Mendocino County Broadband Network
- Assisted infrastructure applicants in FFA Application: Napa Area 6
- Assisted infrastructure applicants in FFA Application: GSCA Sonoma County Broadband Network

9. Northeastern California Connect Consortium and Upstate California Connect Consortium (NCCC and UPCCC)

- Distributed information to ISPs regarding the CASF Broadband Infrastructure Grant Ruling and Guidelines.
- Promoted the following news items on the Upstate California Connect Broadband Consortia website.
- Coordination with regional tribes for broadband expansion
- Distributed information about CalSPEED and the ACP program in quarterly newsletters
- Worked with County leadership in Butte, Lassen, Siskiyou, Modoc, and Tehama and ISPs to identify new areas for possible deployment.
- Continued CalSPEED outreach
- Provided supporting economic and demographic data for local ISP CASF and other funding applications.
- Consortia staff attended a meeting with Butte County representatives, to learn more about AT&T's proposed modernization efforts of the current copper network.
- Met/Held conference calls with supervisors and staff of local jurisdictions to discuss broadband efforts including CASF infrastructure grant projects, implementing policies to support broadband deployment, and broadband service/speed validation, among other broadband related topics.
- Revisited priority areas with city and county leadership since current and future deployment efforts.
- Quarterly ISP Roundtables are held on May 11th, August 10, and November 16.
- Continuous assessment based on current and future deployments. Introduced ISPs to new areas where they have not worked in previously.
- NECCC provided data and mapping support on 18 CASF Infrastructure applications in the Northeastern Region, submitted 6/1/23. Requested funds totaled: $50,566,701. NECCC also facilitated letters of support from local jurisdictions.
- Communication to North State leadership and ISPs regarding broadband funding: EDA, NTIA, USDA, and the CA Governor's budget
- NECCC provided data and mapping support on 21 Last Mile Federal Funding Account applications in the Northeastern region, submitted 9/29/23. Requested funds totaled: $361,973,947.
- Monitoring CASF funds, budget-related items and resubmittal process information and providing information to ISPs and regional partners.

- Continued outreach about CASF application rules and process, maps of eligible areas, along with other relevant data/information that assisted ISPs to carry out business assessments for potential project applications. "

- NECCC provided data and mapping support to 18 CASF Infrastructure applications in the Northeastern Region, submitted 6/1/23. Requested funds totaled: $50,566,701. NECCC also facilitated letters of support from local jurisdictions. NECCC provided data and mapping support on 21 Last Mile Federal Funding Account applications in the Northeastern region, submitted 9/29/23. Requested funds totaled: $361,973,947.

- Continued working with work with important broadband stakeholders such as CPUC, California Emerging Technology Fund (CETF), California Telehealth Network (CTN), Caltrans, Rural County Representatives of California (RCRC), California Broadband Council (CBC), CA Forward, Corporation for Education Network Initiatives in California (CENIC), and economic development organizations and chambers of commerce across our consortium region.

- Active data and information resource to local and state elected officials especially during legislative sessions.

- Monthly Check-In Meetings with representative from the National Telecommunications Industry Association (NTIA) to discuss BEAD program in the region and related topics.

- Active committee member with CA FWD Ensuring Broadband for All

- Active participant with GoldenStateNet / Regional Consortia Meetings

- Active Board Member RCRC Broadband Steering Committee

- Active participant with California Middle Mile Network Advisory Committee meetings

- Assisted ISPs with letters of support for 9 CASF Infrastructure applications in the Northeastern region.

- Hosted and promoted the CA Department of Technology, CPUC, and CETF for the BEAD Digital Equity Engagement Event in Redding, April 4/27/23 to identify the needs and solutions for the digital divide in the North State. Approximately 60 people attended the event from throughout the Consortia service region.

- Promoted the CDT Digital Equity Ecosystem Mapping (DEEM) tool which seeks input from community organizations, governments, nonprofits, funders, experts, and practitioners as they aim to close the digital divide.

- Kept consortium website up to date: www.ncalbroadband.org and posted broadband related news and relevant announcements.

- Facilitated volunteer sign ups.

10. Redwood Coast Connect Broadband Consortium (RCCBC)

- Continued to assist Vero Communication with permitting and stakeholder engagement for the Digital 299 Broadband Project. At year's end the project is more than 50% complete. (Resolution T-17766)

- Conducted more than 20 stakeholder advisory meetings that were attended by various regional stakeholders including local governments, workforce and economic development experts, Internet service providers, education providers, community-based organizations, and other regional stakeholders.

- Assisted three ISPs with potential CASF Infrastructure and FFA Grant applications.

- Coordinated meetings with industry partners, local government, and Tribal leadership.

- Held virtual presentations to municipalities and service clubs on CASF opportunities and implementation of policies to ease permitting.

- Assisted the California Middle Mile Network/GoldenStateNet on suggestions regarding proposed middle mile routes.
- Started a newsletter to keep the region informed of federal and state broadband developments.
- Co-hosted a regional meeting to help inform the State Digital Equity Plan

11. Southern Border Broadband Consortium (SBBC)

- In 2023, Southern Border Broadband Consortium (SBBC) participated in planning meetings and community forums throughout the year to ensure that broadband infrastructure needs were included in the overall proposal for our region. SBBC also met with Internet service providers such as AT&T and Frontier to discuss issues and constraints and possible solutions for the region. Discussed the difficulty of reaching the rural regions where these ISPs do not operate and working to find a solution to connect those rural communities. Also briefed the ISPs on the benefits of long-term investment in identified priority areas, including projected growth in households and businesses in each area.

- The SBBC attended regular meetings with the San Diego Association of Governments (SANDAG) regarding the Regional Digital Infrastructure Taskforce and SoCal Transformational meetings. Discussions were held to partner broadband updates and share projects. Best practices for permitting, construction, and more were also discussed to work towards our common goals.

- The SBBC utilized reports on priority areas that were created using survey data in meetings with ISPs and with regional partners in broadband deployment. We regularly participated in weekly, monthly, and quarterly meetings with county offices of education, Imperial Valley Telecommunications Authority and the BorderLink, and local government. SBBC improved community awareness of regional BEAD planning and opportunities to voice regional priorities and concerns. The areas included residential, low-income family areas, under-funded school districts, and areas lacking healthcare facilities: Salton City, Niland, Calipatria, Ocotillo, Borrego Springs, Julian, Seeley, and more.

- The SBBC held a broadband session during the California Economic Summit. The session was attended by regional and local businesses, local government, and members of the community. During the session, information regarding the efforts of the organization, addressing available programs, and how to increase the effectiveness of our efforts. We also received input from the public to implement their concerns into our scope of work.

- In April, SBBC hosted a regional broadband planning workshop to discuss the digital divide and included a presentation by the California Public Utility Committee representatives. Dozens of council members, organizations, government officials, and businesses from the San Diego and Imperial region attended our workshop and provided valuable insight on the program. The regional Broadband Equity, Adoption, and Deployment meeting received feedback through a Q&A session about MMBI, FFA, and tribal deployment funding opportunities.

- SBBC hosted sessions in the Imperial Valley and San Diego regions for the Affordable Connectivity Program (ACP). Regular meetings were held to discuss new effective practices in achieving high enrollment in the Imperial Valley and San Diego communities. The SBBC distributed flyers to the community and newsletters through email to promote enrollment events. Marketing efforts proved successful for ACP as we reached over 90% enrollment in the Imperial Valley to end the 2023 calendar year.

Attachment C: Consortia Account Projects as of December 31, 2023

Grants Approved in 2011, 2016, 2019, 2020, 2021, and 2022 Cycles

	Consortium	1st Approved Grant Amount	Resolution, Approval: (Completion Date)	2nd Approved Grant Amount	Resolution, Approval: (Completion Date)	3rd Approved Grant Amount	Resolution, Approval: (Completion Date)	4th Approved Grant Amount	Resolution, Approval: (Completion Date)
1	California's One Million New Internet User Coalition	$ 450,000	T-17355, 2/16/2012; (Feb 2014)	-	-	-	-		
2	Broadband Consortium of the Pacific Coast	$ 300,000	T-17445, 6/12/2014; (June 2016)	$ 251,500	T-17550, 1/19/2017; (May 2019)	$ 450,000	T-17669, 10/24/2019; (Oct 2022)	$ 600,000	T-17778, 1/12/2023; (Open)
3	Central Coast Broadband Consortium	$ 450,000	T-17349, 12/2/2011; (Dec 2013)	$ 274,500	T-17529, 8/18/2016; (Sep 2021)	$ 450,000	T-17669, 10/24/2019; (Oct 2022)	$ 1,000,000	T-17778, 1/12/2023; (Open)
4	Central Sierra Economic Development District/Broadband Utility	$ 595,650	T-17778, 1/12/2023; (Open)						
5	Central Sierra Connect Broadband Consortium	$ 450,000	T-17355, 2/16/2012; (Feb 2014)	$ 249,000	T-17544, 12/1/2016; (Dec 2020)		-		
6	Connected Capital Area Broadband Consortium	$ 448,301	T-17355, 2/16/2012; (Feb 2014)	$ 298,750	T-17538, 11/10/2016; (Dec 2018)	$ 438,560	T-17669, 10/24/2019; (Jan 2023)	$ 800,000	T-17778, 1/12/2023; (Open)
7	East Bay Broadband Consortium	$ 450,000	T-17349, 12/2/2011; (Dec 2013)	$ 292,680	T-17529, 8/18/2016; (Sep 2019)	-	-		
8	Eastern Sierra Connect Consortium	$ 450,000	T-17355, 2/16/2012; (Feb 2014)	$ 126,700	T-17550, 1/19/2017; (Feb 2019)	-	-

Status of 2022 Cycle Grants as of December 2023

	Consortium	Counties	Start Date	Approved Budget	Remaining Budget
1	Broadband Consortium of the Pacific Coast	San Luis Obispo, Santa Barbara, and Ventura counties	12/1/2023	$ 600,000	$ 526,462
2	Central Coast Broadband Consortium	Monterey, Santa Cruz, and San Benito counties	1/12/2023	$ 1,000,000	$ 1,000,000
3	Connected Capital Area Broadband Consortium	Sacramento, Sutter, Yolo, and Yuba counties	1/2/2023	$ 800,000	$ 800,000
4	Central Sierra Economic Development District/Broadband Utility Zone	Tuolumne, Calaveras, Amador, Mariposa, and Alpine counties	1/12/2023	$ 595,650	$ 595,650
5	Gold Country Broadband Consortium	Sierra, Nevada, Placer, and El Dorado counties	2/1/2023	$ 565,582	$ 565,582
6	Inland Empire Regional Broadband Consortium	San Bernardino and Riverside counties	2/1/2023	$ 600,000	$ 600,000
7	Inyo-Mono Broadband Consortium	Inyo and Mono counties	1/2/2023	$ 600,000	$ 600,000
8	Los Angeles Digital Equity Action League Consortium	Los Angeles County	2/1/2023	$ 600,000	$ 600,000
9	North Bay/North Coast Broadband Consortium	Mendocino, Marin, Napa, and Sonoma counties	2/1/2023	$ 600,000	$ 600,000
10	Northeastern California Connect Consortium	Butte, Lassen, Modoc, Plumas, Shasta, Siskiyou, and Tehama counties	1/5/2023	$ 999,971	$ 999,971
11	Redwood Coast Connect Broadband Consortium	Humboldt, Del Norte, and Trinity counties	2/1/2023	$ 572,000	$ 572,000
12	San Joaquin Valley Regional Broadband Consortium	San Joaquin, Stanislaus, Merced, Madera, Fresno, Kings, Tulare, and Kern counties	2/1/2023	$ 600,000	$ 600,000
13	Southern Border Broadband Consortium	San Diego and Imperial counties	1/2/2023	$ 600,000	$ 600,000
14	Tahoe Basin Project	Tahoe Basin area in Placer and El Dorado counties.	2/1/2023	$ 600,000	$ 600,000
15	Upstate California Connect Consortium	Glenn, Colusa, and Lake counties	1/5/2023	$ 999,970	$ 999,970
			Total:	$ 10,333,173	

Attachment D: Adoption Account Projects as of December 2023

	Recipient	Project	Location	Grant Amount	Payments in 2023	Total Paid[64]	Award Date	Completion Date or Expected
1	American GI Forum Education Foundation of Santa Maria, CA	Call Center San Luis Obispo County	Santa Barbara	$ 150,000			11/16/2023	5/20/2026
2	American GI Forum Education Foundation of Santa Maria, CA	Call Center Santa Barbara County	Santa Barbara	$ 150,000			11/16/2023	5/20/2026
3	American GI Forum Education Foundation of Santa Maria, CA	Call Center Ventura County	Santa Barbara	$ 150,000			11/16/2023	5/20/2026
4	American GI Forum Education Foundation of Santa Maria, CA	CEP Digital Literacy, San Luis Obispo County	Santa Barbara	$ 64,852			11/16/2023	5/20/2026
5	American GI Forum Education Foundation of Santa Maria, CA	CEP Digital Literacy, Ventura County	Santa Barbara	$ 137,308			11/16/2023	5/20/2026
6	American GI Forum Education Foundation of Santa Maria, CA	Connect, Communicate, Color Your World! - CEP Schools, Santa Barbara County	Santa Barbara	$ 139,400			11/16/2023	5/20/2026
7	Anza Electric Cooperation, Inc.	Anza Electric Cooperative, Inc. Public Broadband Education Program	Riverside	$ 26,735			4/3/2023	10/25/2025
8	Black Men Speak & Men of Color	Digital Health Program	Alameda	$ 77,900			11/16/2023	6/3/2026
